OUR TOUR STYLES

Come and join us on an extraordinary adventure through this magical region on one of our experience-packed tours. As every traveller is different, we've developed a range of touring styles that will allow you to travel your way. Discover the best option for you here:

FULLY INCLUSIVE CLASSIC TOURS

On a Classic Tour all your arrangements are taken care of - your flights, all accommodation, transfers, touring, meals and, if you need them, your visas too! Travelling with a maximum group size of 28 travellers, all you have to do is show up, explore and enjoy.

GO BEYOND

The Go Beyond range offers active, authentic and up-close cultural experiences. They also take travellers to less-explored locations with bucket list adventures. Step away from mainstream travel experiences to embrace inspiring new adventures.

SOLO TOURS

When you're travelling without a companion, our Solo tours are the perfect choice. Travel with a group of likeminded people to share the ultimate, inclusive tour experience with the comfort of your own private room. But the best part of all is that there is no single supplement to pay!

TAILOR-MADE

We don't all like to stick to the trail. Some people like ultimate flexibility when they travel. Others like to indulge their interests in a new, exciting way. With a tailor-made tour you can have it any, all and every way - with us Asia is your oyster.

FLEXIBLE

Ideal for those who want more choice in what they do. Flexible tours include all the main sights but allow some free time for your own exploration or relaxation. Optional excursions, often more active in nature, are available for those who want to discover more.

ACTIVE

Active tours combine the key sights with more energetic pursuits such as hiking and cycling. This allows us to explore more and discover the destination in greater depth. These tours are designed to provide a wide range of activities to ensure a varied and culturally immersive experience.

WELCOME ABOARD THE VICTORIA MEKONG

The Victoria Mekong is the newest deluxe river cruise ship on the Mekong River which set sail in December 2019. Cabins are now available offering you an authentic insight into the life of the Mekong River, combined with four-star comfort and superior service.

With three-and four-night itineraries, we have some great value alternatives to the traditional seven-night Mekong River cruise, our tours are the perfect length to easily add on to an escorted tour of Vietnam and Cambodia.

The itineraries have a uniquely scenic focus, passing from the lush green landscapes of Vietnam up to Cambodia's enchanting capital Phnom Penh, cruising for four nights upstream or three nights downstream.

The Victoria Mekong's shore excursions have been designed to give you a genuine insight into the life of the people who call the Mekong River home.

When cruising upstream, you will visit Long Xuyen's floating market by sampan and learn about the multi cultures of the Mekong Delta at the An Giang Museum.

As well as following a lesser travelled route along the Mekong, your visit to Tiger Island will immerse you in a truly authentic cultural experience - you'll meet local people still practicing traditional handicrafts: net weavers, wood carvers, incense makers. Watch the age-old traditional silk fabrication process in the only remaining Silk Village in Tan Chau, using plants and tree bark to dye the fabric.

Cruising downstream the itinerary is a little different and will take you to Vam Nao where you will see clay pots traditionally made and explore the area. You will visit Tan Loc Island also called 'Sweet Island' which is famous for its orchards. Try some plum wine at a local distillery and visit a traditional ancient house and learn its history. On the last day, discover the famous Cai Rang Floating market in Can Tho by sampan.

A GREEN SHIP FOR A GREENER MEKONG

The Victoria Mekong was conceived as a 'green' ship, right from the beginning of the project. From construction to operations, our objective has always been to offer the 'greenest' ship experience on the Mekong River by implementing best environmental practices.

PLASTIC FREE

All efforts are made to eliminate plastic from the ship including complimentary refillable bottles in the cabins with water stations located on each deck. Waste bins are lined with washable inserts (no plastic bin bags), no plastic straws and no plastic bags or containers used for food delivery. Our aim is to become 100% plastic free.

A/C

The Victoria Mekong is equipped with a high-quality marine A/C system, with autonomous in-room control. Should you choose not to use the A/C in your room, you will be offered mosquito nets to place on your windows, if you'd rather choose to keep them open at night.

HOT WATER SYSTEM - SOLAR PANELS

The ship is equipped with two hot water heating systems. Solar panels located on the ship's rooftop deck contribute to a third hot water system. Pump systems and machinery are equipped with backups to ensure that an eventual equipment failure would not affect the operation of the entire ship.
