## WHY IMMERSE YOURSELF?

The Immerse Yourself range is for travellers who desire an experiential tour full of unique, cultural and active experiences.

### CULTURAL EXPERIENCES

A country is defined by its culture and discovery is by participation. Join a Tai Chi class and meditate on a mountain; try Japanese drumming and stay in a Buddhist Temple; explore Saigon on the back of a Vespa and take part in an alms-giving ceremony. Don't just see it, do it.

### ACTIVE ADVENTURES

By getting on a bike or taking a hike you can see more of the scenery and local life. Trek to Vietnam's hill tribe villages, cycle through the stunning scenery of Yangshuo and hike in the Himalayan foothills. The more physical activities are optional (paid locally) on Flexible Tours.

### OFF THE BEATEN TRACK & EPIC JOURNEYS

Venture to remote destinations such as the Tibetan Plateau, the Gobi Desert or along the Silk Road on our Epic Journeys, or see more iconic, popular sights from a different viewpoint: trek on a wild part of the Great Wall, work with a local farmer in Hoi An or cycle around the bazaars of Udaipur. Whether you venture near or far from the beaten track, your experiences will be unique, extraordinary and unforgettable.

### MORE FREEDOM

Usually travelling in groups of 18 or less you'll have more flexibility to explore. And with evenings often free, you'll have time to discover the local culture and cuisine for yourself. For maximum choice look out for our Flexible Tours (see icon) with time set aside for your own adventures or to join a range of optional, locally paid activities.

# JAPAN

Japan is bursting with ancient traditions, buzzing cityscapes, natural beauty and inventive cuisine. Immerse Yourself in the quintessentially Japanese – a robot restaurant, Taiko drumming class, hiking near Mt Fuji, a tea ceremony and spending an evening among monks in a Buddhist temple.

Partake in the art of tea ceremony in Kyoto

## TRAILS OF JAPAN

Traditional versus modern, natural versus urban – Japan is a land of contrasts. This exhilarating tour encompasses it all, delving deeper into Japan's rich past, present and future, covering a robot restaurant, tranquil temples, saké tasting and all that's in between.

## SEASONS OF JAPAN

Japan is a country that can be enjoyed year-round, but many like to visit either during the cherry blossoms or autumn leaves. Here is our guide to what is happening when:

### CHERRY BLOSSOM SEASON

The Japanese have been enamoured by cherry blossoms for centuries, and even created a word to symbolise heading outdoors to appreciate them – 'hanami' which literally translates as 'looking at flowers'. Depending on local conditions, you may see these from late March to early April in the main cities of Tokyo and Kyoto.

### AUTUMN LEAVES

Japan's deep and rich autumn colours travel the opposite way to the cherry blossom, starting in the very north in September and travelling south, reaching their peak in Tokyo, Kyoto and the surrounding areas from mid-November to early December.

### SEE SUMO WRESTLING

On the May and September departures, there is an extra special addition to day 4 - a Sumo Tournament. Many of Japan's most ancient traditions are preserved in the sport, and the rituals involved in its performance are as fascinating to watch as the wrestling itself. Contact us for more information.
