DISCOVER THE MEKONG RIVER IN STYLE

Experience authentic Vietnam and Cambodia in real style aboard the newest ship on the Mekong River - our very own Victoria Mekong.

As the only vessel to cruise this part of the delta, Victoria Mekong offers exclusive three and four night itineraries to hand-picked ports along one of the most enchanting stretches of the Mekong. This magical section of the river delivers wonders at every turn, from the lush, green landscapes of Vietnam up to Cambodia's enchanting capital, Phnom Penh.

From the start, the Victoria Mekong was conceived as a 'green ship' by implementing a very high standard of environmental practices including the elimination of plastics, low energy consumption and the use of solar panels.

We invite you to join us on a remarkable journey of discovery and look forward to welcoming you on board soon.

IMMERSIVE SHORE EXCURSIONS

FLOATING MARKET

When cruising upstream, you will visit the colourful Long Xuyen's **floating market** by sampan and learn about the multi cultures of the Mekong at the An Giang Museum with fascinating exhibits on Vietnamese, Chinese, Khmer and Cham cultures.

SWEET ISLAND

Cruising downstream you will visit **Vam Nao** to see clay pots traditionally made. Explore **Tan Loc Island** also called 'Sweet Island' which is famous for its orchards. Sample plum wine at a local distillery.

TIGER ISLAND

Your island visit will immerse you in truly authentic cultural experiences. Meet local people still practicing traditional handicrafts: net weavers, wood carvers, incense makers & traditional silk fabrication, in the only remaining Silk Village in **Tan Chau**.

LE LONGANIER RESTAURANT

For guests joining the transfer between Can Tho and Ho Chi Minh City, we include an en-route lunch stop at the exquisite colonial-style Le Longanier Restaurant, nestled in tropical gardens near **Cai Be**, by the river. The restaurant specializes in Mekong-style cuisine combining fresh herbs, local vegetables and fruit, local fish. A unique experience of the **Mekong Delta** lifestyle before the transfer by road to Ho Chi Minh City.

PLASTIC FREE

All efforts are made to eliminate plastic from the ship including complimentary refillable bottles in the cabins with water stations located on each deck. Waste bins are lined with washable inserts (no plastic bin bags), no plastic straws and no plastic bags or containers used for food delivery. Our aim is to become 100% plastic free.

FRESH WATER SYSTEM

The ship is equipped with a fresh water generator that processes river water into both fresh water and drinkable water. In the first phase, the river water is processed through water purification equipment before being stored in the main fresh water tanks to service the entire vessel. In the second phase, the fresh water passes through the Reverse Osmosis

and UV Sterilizer Unit before being pumped into the water filling stations.

HOT WATER SYSTEM - SOLAR PANELS

The ship is equipped with two hot water heating systems. Solar panels located on the ship's rooftop deck contribute to a third hot water system.

SPEED

There is a proven link between energy consumption and the speed of a ship. Victoria Mekong navigates at a leisurely pace, 6 knots/hour on average, contributing to low energy consumption and low impact on the river banks.

HOW WILL YOU EXPERIENCE THE VICTORIA MEKONG?

Cruises can be enjoyed as part of our **fully inclusive group tours, private tours**, a standalone experience or as part of a wonderful extended tour to Vietnam & Cambodia.

We've taken the Victoria Mekong's innovative 3 or 4 night itineraries and built them into 4 group tours with a maximum of 18 guests per group, plus private tour options. Ranging from

an introductory tour of the wonders of southern Vietnam and Cambodia to an in-depth journey thorough Indochina, each itinerary offers the perfect showcase for the treasures of this delightful region.
