Country Profile: China

China's civilisation is the oldest in the world and has a history dating back over 5,000 years. With 56 ethnic groups, 22 provinces and eight major dialects, China has a rich and varied culture and way of life. It is home to a wealth of tourist sights and cultural relics, which entice our guests to return again and again to this exciting destination.

Altitude

This itinerary visits areas of high altitude. If you have an existing respiratory, vascular or coronary condition, we recommend checking with your doctor before undertaking this itinerary. The following parts of the itinerary have high altitude:

1. Jade Snow Dragon Mountain near Lijiang. Sightseeing is at Yunshaping (Cloud Fir Meadow) which has an altitude of approximately 3,200m [11,498ft]. Please note that the town of Lijiang, where you will be staying overnight is not at high altitude.

AMS (Acute Mountain Sickness) occurs in some people when they travel to altitudes over 3,000m. Mild symptoms of AMS include dizziness, fatigue, nausea or loss of appetite, breathlessness or headache. These usually develop over the first 36 hours at altitude and not immediately on arrival. AMS symptoms are experienced by people of varying ages and levels of fitness, and usually the symptoms will subside after a day or so. If symptoms worsen, you should seek medical advice and descend in altitude immediately. It is recommended to drink more water, non-alcoholic and no caffeinated drinks and avoid exertion after arriving in altitude over 3,000m.

Making sure you are well hydrated (by drinking lots of water and refraining from alcohol/caffeine) before and during the tour, as well as exercising to improve your aerobic fitness before you leave, are generally considered to be excellent ways to prevent or alleviate the severity of mild AMS. If you smoke, your doctor will probably also advise you to stop several weeks before your tour. If you have an existing respiratory, vascular or coronary condition, we recommend checking with your doctor before undertaking this tour. Take this Tour Dossier with you to your appointment to explain the altitude at which you will be travelling. Information on AMS can also be found at http://www.travelvax.com.au/resource_files/Travel-Tips---Altitude-Sickness.pdf

Itinerary – Yunnan & Sichuan

Day 1-2: Fly to Kunming

Fly overnight to Kunming, the capital of Yunnan Province. On arrival into Kunming you will be met in the arrival hall by your local guide and/or National Escort from Wendy Wu Tours. Together with all other group members who may be arriving at a similar time, you will transfer 1 hour to your hotel. The rest of the day is at leisure.

Destination Information

Kunming – Nicknamed China's 'Spring City' due to its temperate weather, Kunming is the capital of Yunnan Province. Kunming has long played an important role as a trading city due to its significant location on the borders of Southeast Asia.

Day 3: Kunming

This morning, drive 1 ½ hours to the Stone Forest. Spend the morning exploring the unusual limestone rock formations of the Kunming Stone Forest which involves up to 3 ½ hours on foot along cobblestone paths. Return to Kunming for an afternoon at leisure, and dine this evening on the delicious local delicacy, Across the Bridge Noodles, a type of rice noodle soup from Yunnan Province served in a broth style.

Destination Information

Kunming Stone Forest - Located 120km south east of Kunming, the Stone Forest consists of thousands of narrow, fantastically shaped pillars of rock, scattered over an area of more than 80 hectares. The park is designed so that you can follow a walkway through the formations of water pools and grey pinnacles, the tallest of which is over 30m high.

Day 4: Kunming - Dali

Drive approximately 5 hours to the pretty city of Dali. In Dali, enjoy some light sightseeing around Dali's Old Quarter and the symmetrical Three Pagodas. This evening, take a stroll round lively Foreigner's Street.

Destination Information

Dali – Sandwiched between the Jade Green Mountains and serene Erhu Lake, Dali is naturally striking in its setting. Mainly a base for the Bai people, Dali has played an important role in the history of south China and was once a post on the old Burma Road.

Three Pagodas – Presented in a perfect triangle, the Three Pagodas date back to the 9th century and were built under the Nanzhao State. Made of brick and white mud, the Pagodas are known for their resilience, having survived many natural disasters, including earthquakes.

Foreigners Street - Popular with the foreign backpack community, Dali's Foreigners Street is lined with market stalls selling items from the Bai people, beautiful fabrics and delicious 'small eats' snacks.

Day 5: Dali

Today, relax with a cruise on tranquil Erhai Lake, before spending an afternoon at leisure.

Erhai Lake – The centrepiece of Dali, Erhai Lake is a beautiful oasis of striking blue waters, temple islands and cormorant fishermen. Erhai literally means 'ear sea' and is named so due to the ear shape of the lake. A cruise on the lake is the best way to fully appreciate the natural beauty of the area.

Day 6: Dali – Lijiang

This morning, head over to Xizhou Village to explore the local wares at the market. Drive 4 hours to Lijiang, one of China's best preserved old towns. You will spend around 2 hours on foot, visiting the picturesque Black Dragon Pool where you can enjoy spectacular vistas of the Jade Dragon Snow Mountain.

Destination Information

Lijiang – A beautiful tapestry of cobbled streets, rickety wooden buildings and sultry streams, Lijiang is a vision of idyllic wonder; a great place to just take a stroll and soak up the atmosphere.

Black Dragon Pool - Constructed in 1737 during the reign of the Qing Dynasty, the Black Dragon Pool is a popular pond in Lijiang which offers stunning vistas and walking opportunities. From this area, visitors can enjoy beautiful panoramas of the Jade Dragon Snow Mountain, the tallest mountain in the area.

Day 7: Lijiang

A magnificent mountain massif, the Jade Dragon Snow Mountain incorporates several peaks, the tallest of which is 5,500m. Today, you will explore one of the beautiful high meadows and enjoy the amazing vistas. To avoid the large crowds of people queuing at the same time, the local government's tourist authority allocates times to each group. The bus will drive to the base of the mountain from where you will take a 10-minute ride on a chairlift to Yunshaping (Cloud Fir Meadow) at an altitude of approximately 3,200m. From the chairlift, there is a wooden pathway to the meadow. This walking route takes approximately 1 hour. Descend by chairlift and re-board the bus. Later, visit Baisha Old Town to view the fascinating murals, painted during the early Ming Dynasty, and visit the Mu Family Embroidery School. Sightseeing at Baisha Old Town is leisurely. There are ruthless souvenir sellers near the bus park so be firm to avoid any hassle.

Please note this section of the itinerary is subject to change at late notice. Your local guide will keep you informed of any changes as they are made aware of them.

Destination Information

Jade Dragon Snow Mountain – Jade Dragon Snow Mountain is known for its mysterious ambience and snow-covered peaks and is considered the Holy Mountain amongst the Naxi ethnic group and other ethnic minorities in Lijiang. Popular for hiking, mountaineering, botanizing and skiing, Jade Dragon Snow Mountain attracts thousands of visitors every year who enjoy exploring its lofty peaks.

Baisha Old Town and Frescoes – Once the capital of the Naxi minority group, the Baisha Old Town is home to typical Naxi architecture and a great place to see the Naxi people going about their daily lives. The Baisha Frescoes date back to the early Ming Dynasty and are made up of 44 pieces. Most of the paintings depict religious stories from Taoism and Buddhism.

Mu Family Embroidery School – Watch as locals make intricate pieces of embroidery and take advantage to buy a piece yourself.

Day 8: Lijiang

Today you will visit the 3,000m deep Tiger Leaping Gorge, said to be the deepest gorge in the world. Drive approximately 2 hours, depending on the number of photo stops, to the northern bank of the Tiger Leaping Gorge and stop for a short while at the steps above the famous Tiger Leaping Rock. You can choose to walk down the steps to the water or have some free time while other group members do this. There are usually sedan chairs offered by local vendors, which can be organised at your own expense. Lunch today will be a simple meal as the choice of restaurants in this area is limited. Return to Lijiang to explore the Old Quarter.

Destination Information

Tiger Leaping Gorge – Tiger Leaping Gorge is believed to be one of the deepest and most dramatic gorges in the world, measuring at 16km. While hiking along the gorge you can view its roaring stream, cascading waterfalls and magnificent scale – great for those who crave an adventure.

Day 9: Lijiang – Chongqing - Wulong

Fly nearly 2 hours to Chongqing. On arrival, you will be transferred by coach around 3 hours to Wulong Karst National Geology Park, an area with stunning natural scenery, including towering limestone karsts, deep gorges, caves and natural bridges.

Destination Information

Wulong Karst National Geology Park – Part of the South China Karst, Wulong Karst National Geology Park is a UNESCO World Heritage Site. It is situated at the lower reaches of Wujiang River and is divided into three karst systems containing the Three Natural Bridges, the Houping Tiankeng (Houping Giant Doline) and Furong Cave. Its remote location has ensured that the park is relatively unspoilt and retains its original, natural features of karst landforms.

Day 10: Three Natural Bridges & Longshuixia

Today, visit Three Natural Bridges National Park, a rare geological wonder consisting of three natural karst bridges: Tianlong Bridge, Qinglong Bridge and Heilong Bridge. Continue to Longshuixia Fissure, a narrow fault line that has been carved out by the river. The gorge is 5km long and 500m deep. You will need to climb down a few hundred steps, then travel further down by elevator. From here, start the one-way walk to the exit which takes around 2-3 hours, depending on the pace. Along the road you will need to climb down many steps, but most of the walk will be flat.

Please note, walking today will be approximately 4 to 5 hours on some uneven and slippery terrain which require extra care whilst walking. It is strongly advised that you wear sturdy footwear with ankle support if needed.

Destination Information

Three Natural Bridges National Park – Situated in a 1.2km long gorge, the three bridges are natural karst stone arch bridges with an average height of 200m and an average span of 200m, making them the largest natural bridge cluster in Asia. Tianlong Bridge spans 450m and has two arches from north to south – the southern arch is also called Mihun Cave while the northern arch is a passage. Qinglong Bridge spans over 400m and Heilong Bridge has a deep long arch passage.

Longshuixia Fissure Gorge – Longshuixia Fissure is a stunning gorge with sheer cliffs, waterfalls and streams. At 5km in length, 500m in depth, and only a few metres in width in places, a journey through the gorge will be truly awe-inspiring.

Day 11: Wulong - Leshan

Travel around 6 hours west to Leshan, home of the world's largest stone-carved Buddhist monument, the Leshan Grand Buddha. The remainder of the day is free at leisure.

Destination Information

Leshan – Leshan sits on the confluence of the Dadu, Min and Qingyi rivers. It is most famous for its huge riverside cliff-carving of Buddha and nearby Mount Emei, which together are a World Heritage Site.

Day 12: Leshan - Emeishan

Today you will visit the Leshan Grand Buddha, the world's largest stone-carved Buddhist monument. Drive around 30 minutes before taking a short boat ride in front of the statue to grasp the size of this structure. You will spend around 1 hour at Leshan and will need to get on and off the boat. Continue approximately 1 hour to Emeishan, one of the earliest sources of Buddhism in China.

Destination Information

Leshan Grand Buddha – The Leshan Buddha was built in the 9th century under the direction of Haitong, a monk who felt the presence of Buddha would help calm the waters below so that shipping vessels could make their journey safely. Amazingly, once the structure was completed, the waters below did calm, some say due to the Buddha's presence, others to the large amount of rock removed in order to carve the Buddha, which resulted in a current change in the waters. The Buddha remains watching over the waters below.

Day 13: Emeishan

Spend a full day exploring spiritual Emeishan. There are many pathways to allow exploration of the steep cliffs, lofty peaks and towering trees. Take the cable car up to the golden summit from Jieyin Temple. You will walk for approximately 2 and a half hours from Wannian Temple to the Wuxian Gang Parking lot. From here you will be transferred back to your hotel in the evening.

Destination Information

Emeishan – One of the Four Sacred Buddhist Mountains of China, Emeishan has been a UNESCO World Heritage Site since 1996. It is home to the first Buddhist temple to be built in China, dating back to the 1st century.

Day 14: Emeishan – Chengdu

In the morning, depart for Chengdu, a drive of approximately 2 hours. On arrival, you will be transferred to the famous snack street in Chengdu – Jinli Street.

Destination Information

Chengdu - China's symbolic western capital and the residence of the country's most lovable black and white bear, Chengdu has an abundance to offer. With a fast-paced economy that is dragging China's west into the 21st century, it is no wonder that Chengdu's appeal is growing year on year. As the gateway into Sichuan Province's large collection of sights, as well as Chengdu being its own trove of historical and cultural treasures, Chengdu is a must-visit on any trip to China.

Jinli Street - Recorded back as far as the 2nd century BC, Jinli Street houses traditional-style buildings and delicious snacks. Famous for its baldachin manufacturing, Jinli Street is a great place to stop for a traditional Chinese tea in one of the many teahouses.

Day 15: Chengdu

Today you will see China's most famous resident, the Giant Panda. Visit the Panda Conservation Centre where you can learn about China's celebrated bear and see these lovable creatures in surroundings that mirror their natural habitat. It is not guaranteed that you will see the feeding of the younger pandas, as this only happens at the start and end of each day. Sightseeing involves approximately 1 and a half hours on foot and there are electric carts offered by private vendors that can be organised at your own cost. Later, spend 1-2 hours sightseeing around People's Park, visiting a teahouse and the famous Matchmaker's Corner where parents look for suitable suitors for their children. Tonight, enjoy a traditional Sichuanese meal.

Destination Information

Panda Conservation Centre - With over 80 pandas holding residence, the Chengdu Panda Research Base is equipped with the latest technology and research materials to gain a further understanding in how we can protect the panda and maintain, if not increase, its numbers. The park is set up to resemble the mountain and forest regions in north Sichuan, the original home of the Giant Panda, with extensive bamboo trees and large green spaces. Red Pandas, the Giant Panda's lovable cousin, and flamboyant peacocks too roam the park, making for an interesting mix.

Yunnan & Sichuan Travel Information

Visas

Entry visas are required by all visitors to China and Wendy Wu Tours' Visa Department can assist you with the process of obtaining a visa. We will supply you with all paperwork and submit the visa application on your behalf. Visas for China are valid for 90 days from the date of issue and allow you to stay in the country for up to 30 days. Please be advised that your passport must have at least six months validity left on it when you arrive back into Australia.

Visa application forms and all relevant documentation are due in our office 60 days prior to departure; if received after this date urgent visa processing fees will apply. Passports will be returned with your final documentation four weeks prior to your group tour's scheduled departure. If you require your passport to be returned earlier, a \$15AUD courier fee will apply.

Please note that if you intend to arrive more than 24 hours before your tour commences or intend to stay in China after your tour has ended and you are NOT staying in a hotel you will need to register with the local police station. If you are staying in a hotel, registration is done on your behalf as part of the check-in process.

Insurance

We strongly encourage all customers to take a copy of their travel insurance documents (especially relevant international contact numbers) with them while on tour. We advise that you check the inclusions and procedures for lodging claims prior to your departure. These documents should be stored separately from the originals.

Wendy Wu Tours will not be liable for any costs incurred by you due to your failure to take out suitable travel insurance from the date of booking.

Eating in China

Chinese cuisine is one of the most influential, diverse and flavoursome culinary styles in the world with a legacy stretching back thousands of years. Often, you'll find that the local Chinese style is very different from what you're used to at home. We welcome people on our tours with a wide variety of tastes and as such try to present an array of food to suit everyone in the group. Our schedule of meals is designed so that you can experience the local dishes, their individual flavours as well as the different ways they are prepared and cooked throughout China. All meals (excluding drinks) are included in our fully inclusive group tours from dinner on the day of the groups' arrival until breakfast on the groups' day of departure.

Dishes served in restaurants on our group tours are varied. Some will be vegetable-based with meat mixed in, and a few will be meat-based. Traditionally, Chinese people cook with a lot of vegetables because meat used to be hard to come by. Dishes often come pre-seasoned with soy sauce or other sauces. Our restaurants are well aware of the western palate – there are plenty of non-spiced options. Most meals are served with plain rice on the side which is intended as an accompaniment to your meal. Unlike the western world, Chinese people do not normally pre-heat their plates and food can be presented at a variety of temperatures, which is a typical Chinese way of doing things.

When eating meals on group tours, you will be seated around a circular table with other tour members. Dishes will be served in the traditional 'family style' on a lazy susan; meaning that various dishes will be laid out on a spinning turntable in the centre of the table top. These dishes are intended to be shared amongst the group –

there is always more than enough to feed everybody. 'Family style' means that there is a pair of serving chopsticks for each dish which are used specifically to serve the food (please ask your server if you require a fork or spoon) and everybody will help themselves to all the dishes on the lazy susan. You will have an individual bowl, chopsticks and cup for your own use. Please be courteous and consider your fellow diners; if your favourite dish is on the other side of the table, it will make its way round to you soon! We find our customers really enjoy this sociable style of eating.

Your National Escort will do their utmost to cater for any special requests such as gluten free or vegetarian meals, however, people on restricted diets should expect complications. Although most Asian countries are now quite developed, only quite recently have they started to widely accept Western guests. Western food requirements are quite far removed from Asian food requirements, and even medical reasons can be quite difficult to explain. While our ground partners will do everything they can to cater for a wide range of dietary requirements on tour, we ask kindly for your patience and understanding that they cannot always be delivered to the standard you will be used to at home. It is recommended that passengers with food intolerances bring snacks or additional food items with them, especially when travelling further from major cities as not all dietary requests will be met due to the limited foods available.

Please read your travel guide which you will receive with your final documents for more information about eating in China. We recommend that when it comes to Chinese food, you stay open minded, try to be adventurous and always have a go with the chopsticks!

Accommodation

Your accommodation is selected for convenience of location, comfort or character, and can range from a business hotel in one city to a family run guesthouse in a smaller town. In more remote areas, accommodation may be of a lower standard and may not have all western amenities. Hotels are generally rated as local three to four-star standard, but please note that there is no international classification system for hotels and differences in facilities and quality do exist between the Australia and China. All group tour hotels have private western bathroom facilities, air conditioning, TV and telephone. Plumbing and electricity supplies can be erratic and quite often the power in hotel rooms is turned off while guests are out of the room. If you experience any difficulty, please speak to your National Escort/Local Guide. Rest assured that all hotels used by Wendy Wu Tours are regularly inspected by our staff and our partners to ensure that standards meet your needs. Please note that double bed requests can be made at time of booking but can't be guaranteed.

Transport

Coaches: Coaches with air conditioning are used on our group tours for city sightseeing, short excursions to the countryside and longer transfers where necessary. Roads in China have generally improved over recent years, but traffic and/or weather conditions may extend driving times. Road construction work usually covers an enormous section of road – not just 1-2 kilometres as you may be used to. For this reason, the timings listed in the itinerary are approximations only. There may be sections of road where the surface is comparatively bumpy but our drivers will do their utmost to lessen the impact.

Planes: Internal flights are based on economy class, with reputable airlines. Pre-seat flight allocation is unavailable.

Development in China

Though parts of China match the west in modernity and technological advances, it is important to remember that China is still a developing country and as such, many aspects of tourism in China do not have the solid infrastructure and safety standards as seen here in the west.

Chinese public holidays

If you are travelling within the below Chinese Public Holidays please note that celebrations last for several days and during these times some businesses will be closed and coach, air and train travel may be affected. Tourist attractions will be open but may be crowded. Chinese New Year is on 25th January 2020 and on 12th February 2021. Golden Week public holidays fall annually between 1st – 3rd May and 1st – 7th October.

Souvenirs

We want to be able to give you an opportunity to buy souvenirs; so in each city, we will visit a workshop or factory which demonstrates a craft or product unique to that region with pieces available to buy. We understand that souvenir hunting is not for everyone so we aim to take you to places which hold local interest. We trust you will enjoy these opportunities to learn about local arts and crafts and understand their historical and cultural importance.

Group Size

Most of our groups consist of 10 travellers or more and will be accompanied by both a National Escort and local guides. There will usually be no more than 28 travellers in each group although you may encounter other Wendy Wu tour groups while you are travelling.

All our departures are guaranteed to operate with a minimum of 8 travellers booked (unless cancelled due to factors beyond our control). However, at our discretion we may operate departures with a smaller group size as we try to operate advertised departures wherever it is viable to do so. For groups with fewer than 10 travellers, departures will operate with local guides only.

Tipping Policy

Local tipping is customary in Asia. However, this can often lead to awkwardness in knowing when it is appropriate to tip and how much, as well as ensuring you have a suitable amount of change available at the time. For your convenience, with years of experiences in providing the best customer service, Wendy Wu Tours operates a kitty system on our Group Tours so your National Escort will look after this aspect of your trip for you. It also ensures that the amounts paid are reasonable for you but still fair for the local people. The amount is stated on each Group Tour page will be advised again on your final documentation. Tipping is in RMB and will be collected by your National Escort on arrival and distributed throughout the tour on your behalf. Any additional tipping on any of our tours is welcomed at your discretion. Further guidance for tipping contributions will be outlined in your final documentation.

Packing list and Climate

Please refer to our website or brochure for detailed temperature charts.

You will find a complete packing list and a helpful climate chart in the 'Suggested Packing List', which will be included in the pre-departure information link sent within your deposit documentation. Seasonal weather patterns can be quite unpredictable. Up to the minute information on worldwide weather can be found on www.weather.com

Luggage

All travellers are limited to two items of luggage each; a suitcase with a maximum weight of 20kg and one piece of hand luggage with a maximum weight of five kilograms. It is essential that your luggage is lockable. Please note that authorities will only allow bottles onto the aircraft if they have been checked in as main baggage. Bottles in hand luggage may be confiscated.

Exchanging Cash

It is highly recommended that extra care and attention is paid when exchanging money when travelling to cities outside of Kunming + Chengdu. US Dollars are easily exchanged throughout China and other currencies such as Australian Dollars can generally be exchanged in hotels and airports provided notes are new and undamaged. We suggest exchanging your money before travelling to remote areas and smaller towns, as exchange facilities can be limited. Your National Escort will remind you to do this before departure.

Personal Expenses & Optional Tours

Personal Expense - You will need to take some extra money to cover drinks, laundry and souvenirs, plus any additional sightseeing that may be offered to you. Based on the advice of previous customers an approximate amount of \$250AUD per person, per week should be sufficient; however, for those that can't resist a bargain or may wish to participate in all of the optional excursions, consider allocating a higher amount.

Optional Tours - May be offered in each city you visit during your tour. These are not included in the standard itinerary and will only be available if time permits and if seats are available. In your Final Documentation an Optional Excursion Sheet will be included outlining the activities available in each city and local cost associated. Please ensure you have additional funds available if you feel you may wish to participate in any extra activities. Each option will be arranged locally by your National Escort/Local Guide, participation and tipping for optional excursions is completely at your discretion.

Climbing Steps

Sightseeing at nearly all of the palaces, fortresses and some temples involves climbing quite a number of steps. These palaces were built to provide defense against potential invaders so nearly all of them stand on top of a hill, while the interiors have layers of narrow hallways and steps to slow down the advance of enemies once they were inside. The steps tend to be quite large, not level and sometimes without handrails. Hindu and Buddhist temples or pagodas also tend to be built at an elevation, as this is the most auspicious position according to ancient beliefs. This means you sometimes need to walk from the bus park to the entrance, and/or need to climb some steps inside.

People with knee or hip injuries, who have poor balance or are otherwise unable to complete these activities independently should consider the suitability of this itinerary carefully.

Vaccinations and Your Health

We recommend that you contact either your GP or Travelvax (1300 360 164) for advice on vaccinations and travel health. Travelvax has a comprehensive website that you may also find useful www.travelvax.com.au

After your booking

We strongly recommend registering your travel plans with www.smartraveller.gov.au as in the event of an emergency, Australian Consular assistance will be more readily available. You can also access the Australian Government's travel advisory service for up to date information about your destination on the same website.

Before You Leave

Once you have booked with Wendy Wu Tours, you will receive a confirmation invoice followed by deposit documentation, which includes a visa application form (if applicable), and a help sheet. Your final documentation pack will be sent to you approximately 2-3 weeks prior to departure.

Travelling on an Active Paced Tour

We hope you are looking forward to what we are sure will be a trip of a lifetime. Before you embark on this adventure, we ask you to consider the points listed below that relate to our active paced tours. This will ensure you understand what is involved with an active paced tour and therefore help you decide if your chosen tour is right for you.

This is to ensure that your tour runs as smoothly as possible for you and your fellow tour members.

Please consider the following aspects of active paced tours prior to confirming your arrangements;

- While we believe that age is no barrier, please give special consideration to the fact that medical assistance and public infrastructure can be limited in these areas.
- There will be long periods of physical activity, including walking, climbing of stairs, in/out of boats. Tour participants who will travel with a cane/walking stick may come across difficulties. It is our experience that using a cane/walking stick in these areas where there are rough and uneven surfaces, stairs to climb and high altitudes, becomes difficult.
- Only limited meal options will be available. People with special dietary requirements should expect difficulties on these tours. Please understand that depending on the trip you are taking, you may be given very little or no meat.
- Your tour may include basic accommodation facilities including home stays, guest houses, truck stops and tented accommodation. This may mean, no or limited hot water, and no private bathroom facilities.
- There will be long periods of driving on often unsealed, rural and bumpy roads in vehicles ranging from tour coaches to local jeeps and canter vehicles.
- Altitude affects people in many different ways and a certain level of fitness is required in order to limit the effects. Please discuss how to manage altitude sickness with a health care professional.
- Overnight trains only have basic bedding in four berth compartments with limited or no ladder facilities to climb to the top bunk. You may be sharing with other tour members or locals.
- Some tours may have sightseeing en route to the next destination. Therefore participation is required or you will need to remain with the coach until the rest of the group has finished touring.

National Escorts/ Local Guides will endeavor to provide rest stops in your itinerary where possible. Please be advised that some days may have a more physical programme than others.

If you are comfortable with the above mentioned aspects of travelling on an active paced tour, we look forward to welcoming you on what is sure to be a unique and memorable experience.

However, if you have any hesitations please contact your valued travel agent or our reservations department to discuss the tour further or explore alternative options.
