Nagano – Surrounded by the Japanese Alps, Nagano is a historic city known for its role as the host of the 1998 Winter Olympics. The city has long been a gateway to the mountainous regions of central Japan, offering a rich blend of history, culture, and natural beauty. It developed as a temple town around Zenkoji, one of Japan's most important Buddhist temples, and remains a centre for pilgrimage. Nagano is also a key access point to the nearby ski resorts, hot springs, and the famous snow monkeys of Jigokudani.

Jigokudani Yaen-Koen – Home to Japanese Macaques, also known as Snow Monkeys, Jigokudani literally means 'hell's valley'. It is named this because of the steam and boiling water that bubbles out of small crevices in the ground. It is in the baths of this hot water that the resident Japanese Macaques like to soak. The monkeys live in large social groups, and it can be quite entertaining to watch their interactions.

Zenkoji Temple - Zenkoji Temple is one of Japan's most significant Buddhist sites. It enshrines the first known Buddhist statue to have been brought to Japan, making it a major pilgrimage destination. However, up until the day you travel, it is vital you keep up to date and familiarised with the entry requirements, as these can change at short notice. These changes are often made by the relevant embassy or consulate, Wendy Wu Tours acts as a third party and has no influence on the process of a visa or entry forms. It is a condition of your booking that you are insured for the duration of your trip. We recommend comprehensive travel insurance to cover cancellation, medical requirements, luggage, repatriations and additional expenses. At a minimum, the policy is required to cover medical requirements including medical evacuations / repatriations. The choice of insurer is yours. We strongly suggest you purchase insurance at the time you pay your deposit. This is because cancellation fees and charges are payable from that time.

If you fail to provide a certificate of currency of insurance within a reasonable time after our request, then this will be deemed a cancellation by you and standard cancellation fees will apply.

EATING IN SOUTH KOREA & JAPAN:

Korean and Japanese cuisine is delicious, colourful and healthy. Meals in South Korea are usually served with a bowl of rice and a bowl of soup and consist generally of banchan (side dishes) including Kimchi (seasoned and fermented vegetable), fish and meat. In Japan, meals are usually served with a bowl of rice and a bowl of miso soup and consist usually of fish, pickled vegetables and meat. Japan's other main staple is noodles, most famous being Udon and Soba. Most food is eaten with chopsticks so best get practicing as cutlery is not always available at restaurants.

Korean food is generally hot and spicy compared to Chinese and Japanese cuisine. All meals (excluding drinks) are included in our fully inclusive group tours from the groups' arrival until the day of departure. Our schedule of meals is designed so that you can experience the local dishes, their individual flavours as well as the different ways they are prepared and cooked throughout Korea. Breakfast will mostly be buffet style but may be a set-menu.

In South Korea, the restaurants operate differently than other Asian countries. If you want a desert, you must go to a desert shop. If you want a coffee, you must go to a coffee shop etc.

In Japan, breakfast will mostly be buffet style but may be a set-menu. Lunches are mostly pre-set options as is custom in many local restaurants. Dinner is usually a pre-set option or buffet-style, featuring a wide selection of high-quality Japanese and Western dishes, but may occasionally be a set-menu. We usually find this style of dining suits the wide and varied tastes of our customers on tour. These are also pre-booked in advance prior to your arrival by your guides. This will provide greater flexibility and allow you to sample a broad range of local cuisines and dishes. All beverages will be at your own expense and are readily available.

On some days where lots of sights are covered, dinner times may be early and your tour group may head directly to the restaurant after sightseeing without stopping at your hotel to freshen up.

It is imperative that you clearly communicate any and all dietary needs when booking, and don't forget to reaffirm them during your welcome briefing with your tour guide. However, it is crucial to understand that local restaurants might face limitations in accommodating specific dietary requests, particularly in the cases of gluten-free, celiac, or vegan requirements. Please bear in mind that finding gluten-free options may not be as effortless as it is in Australia. Regrettably, we cannot assure that the food served will be entirely free from allergens.

Although most Asian countries are now quite developed, only quite recently have they started to widely accept Western guests. Western food requirements are quite far removed from Asian food requirements, and even medical reasons can be quite difficult to explain. While our ground partners will do everything they can to cater for a wide range of dietary requirements on tour, we ask kindly for your patience and understanding that they cannot always be delivered to the standard you will be used to at home.

Please read your travel guide which you will receive with your final documents for more information about eating in South Korea and Japan. We recommend that when it comes to South Korean and Japanese food, you stay open minded, try to be adventurous and always have a go with the chopsticks!

ACCOMMODATION:

Your accommodation is selected for convenience of location, comfort or character, and can range from a business hotel in one city to a family run guesthouse in a smaller town. In more remote areas, accommodation may be of a lower standard and may not have all western amenities.

In the Fuji area of Japan, hotels tend to be more traditional in style and culture. In this area, you may be asked to take your shoes off at the door and store them in a secure locker – this is very traditional Japanese culture.

Hotels are generally rated as local three to four-star standard, but please note that there is no international classification system for hotels and differences in facilities and quality do exist between the Australia and Japan.

Please note that in Japan, hotel rooms and bathrooms are renowned for being small. Standard single rooms are usually smaller than a standard double or twin room, contain one small double bed (or one single bed), and are designed for one person to use. All group tour hotels have private western bathroom facilities, air-conditioning, TV and telephone.

Rest assure that all hotels used by Wendy Wu Tours are regularly inspected by our staff and partners to ensure that standards meet your needs.

PORTERAGE:

Please be aware that portorage is not included on our tours in Japan pre & post cruise. You will therefore need to be able to handle your own luggage within the hotel and when using transportation like trains and coaches.

Portorage is however, included onboard the Azamara Pursuit Cruise Ship. Please note, you will be able to leave your luggage outside your cabin door on the last night of your cruise, staff will then be able to make arrangements for your luggage, ready for disembarkation early next morning. Please also note, it is customary to tip for the portorage service.

AIRPORT TRANSFERS:

As we offer our customers a variety of airlines to suit your needs, passengers will arrive/depart in Japan at various times during the day. Depending on the number of customers arriving/ departing on the same flight as yourself, the type of transfer to your hotel/ airport will vary.

You will always be met on arrival by English-speaking staff and transferred to your hotel either by:

- Direct shared bus (shared with other passengers, not just Wendy Wu Tours clients)
- Shared bus plus taxi from the nearest bus stop to the hotel (maximum 5-minute walk)
- Chartered coach (if there are more than 8 Wendy Wu Tours passengers arriving at the same time)

On the departure day, all passengers will be met by English-speaking staff at the hotel and transfer by one of the three ways above. For those passengers using a shared bus or shared bus plus taxi to the airport, the guide services end when they drop you off at the bus stop, and you will need to check in at the airport on your own. If you have paid extra for a private transfer, the above does not apply.

You will meet your National Escort at the welcome dinner or, if arriving late, the following morning after breakfast at the welcome meeting.

Please ensure your Wendy Wu Tours luggage tag is visible on your suitcase/hand luggage, as this may also assist your guide in identifying you. If at any stage you are unable to locate your representative, please contact our Japan ground operator on the number included in your final documents.

TRANSPORT:

Coaches: Coaches with air conditioning are used on our group tours for city sightseeing, short excursions to the countryside and longer transfers where necessary. Roads in Japan are extremely well maintained and are comparatively smooth compared with the rest of Asia. Coaches and mini buses do not have onboard toilet facilities, however frequent bathroom stops are made for passengers comfort.

Bullet trains: Second class reserved seats are booked for our groups on bullet trains; there will be toilet facilities on board. Due to the limited space on bullet trains, a separate luggage transfer service will be arranged for all suitcases (1 case per person). You will need to pack a separate overnight bag to carry on the train as your suitcase will not arrive until the following day after a bullet train journey. Your guide will indicate when you will need to prepare for this throughout your tour.

DEVELOPMENT IN SOUTH KOREA AND JAPAN:

South Korea and Japan are developed countries and as such matches the West in modernity and technological advances. South Korea and Japan are extremely safe countries and take great responsibility in maintaining high safety standards.

GROUP SIZE:

Most of our groups pre & post cruise consist of 10 travellers or more and will be accompanied by a national escort. There will usually be no more than 28 travellers in each group although you may encounter other Wendy Wu tour groups while you are travelling.

All our departures are guaranteed to operate with a minimum of 10 travellers booked (unless cancelled due to factors beyond our control). A national escort will accompany each group of 10 or more. However, at our discretion we may operate departures with a smaller group size as we try to operate advertised departures wherever it is viable to do so.

TIPPING POLICY PRE & POST CRUISE:

Although tipping in Japan is not customary, if you feel you have received an excellent service, please feel free to tip your guide at your discretion.

CULTURAL DIFFERENCE:

Korean and Japanese society and culture are built on intricate social etiquette and customs. As foreigners, we are not expected to be knowledgeable about all etiquette, but it will make your time in South Korea and Japan more enjoyable if you are respectful of local customs. Some examples of scenarios you may encounter include removing your shoes and hats when entering a temple or house (some restaurants as well). You may be supplied with slippers at some places, but please come prepared with plenty of spare socks, and shoes that are easy to take off for the fairly regular occasions when they must be removed. Your National Escort will advise you of some of these other customs at the beginning of your tour.

PUBLIC HOLIDAYS:

If you are travelling within the below Public Holidays, please note that celebrations can last a several days and during these times some businesses will be closed. Coach, air and train travel may also be affected. Tourist attractions will be open; but may be crowded.

South Korea: Children's Day is 5th May 2027, Buddha's Birthday is 13th May 2027.

Japan: Showa Day is on 29th April every year and 'Golden Week' public holidays fall annually at the end of April/beginning of May.

SOUVENIRS:

We want to be able to give you an opportunity to buy souvenirs, so we include some stops at museums or exhibitions which demonstrate a craft or product unique to that region with pieces available to buy. We understand that souvenir hunting is not for everyone, so we aim to take you to places, which hold local interest. We trust you will enjoy these opportunities to learn about local arts and crafts and understand their historical and cultural importance.

LUGGAGE:

All travellers are limited to two items of luggage each: a suitcase with a maximum weight of 20kg and one piece of hand luggage with a maximum weight of five kilograms. It is essential that your luggage is lockable.

PERSONAL EXPENSES AND OPTIONAL TOURINGS:

You will need to take some extra money to cover drinks, laundry, and souvenirs, plus any additional sightseeing that may be offered to you.

It is highly recommended that extra care and attention is paid when exchanging money when travelling to cities outside of Tokyo. We suggest exchanging your money before travelling to smaller towns, as exchange facilities can be very limited. Your National Escort will remind you to do this before departure.

CLIMBING STEPS:

Sightseeing at nearly all the palaces, fortresses and some temples involves climbing quite a number of steps. These palaces were built to provide defence against potential invaders so nearly all of them stand on top of a hill, while the interiors have layers of narrow hallways and steps to slow down the advance of enemies once they were inside. The steps tend to be quite large, not level and sometimes without handrails.

Buddhist temples or pagodas also tend to be built at an elevation, as this is the most auspicious position according to ancient beliefs. This means you sometimes need to walk from the bus park to the entrance, and/or need to climb some steps inside.

People with knee or hip injuries who have poor balance or are otherwise unable to complete these activities independently should consider the suitability of this itinerary carefully.

VACCINATIONS AND YOUR HEALTH:

We recommend that you contact either your GP or Travelvax (1300 360 164) for advice on vaccinations and travel health. Travelvax has a comprehensive website that you may also find useful www.travelvax.com.au.

We strongly recommend registering your travel plans with www.smartraveller.gov.au as in the event of an emergency, Australian Consular assistance will be more readily available. You can also access the Australian Government's travel advisory service for up to date information about your destination on the same website.

AFTER YOUR BOOKING:

Once you have booked with Wendy Wu Tours, you will receive a confirmation invoice along with a link to our website where you can find more useful predeparture travel information. Your final documentation pack will be sent to you approximately 2-3 weeks prior to departure.
