EATING IN SOUTH KOREA & JAPAN:

Korean and Japanese cuisine is delicious, colourful and healthy. Meals in South Korea are usually served with a bowl of rice and a bowl of soup and consist generally of banchan (side dishes) including Kimchi (seasoned and fermented vegetable), fish and meat. In Japan, meals are usually served with a bowl of rice and a bowl of miso soup and consist usually of fish, pickled vegetables and meat. Japan's other main staple is noodles, most famous being Udon and Soba. Most food is eaten with chopsticks so best get practicing as cutlery is not always available at restaurants.

Korean food is generally hot and spicy compared to Chinese and Japanese cuisine. All meals (excluding drinks) are included in our fully inclusive group tours from the groups' arrival until the day of departure. Our schedule of meals is designed so that you can experience the local dishes, their individual flavours as well as the different ways they are prepared and cooked throughout Korea. Breakfast will mostly be buffet style but may be a set-menu.

In South Korea, the restaurants operate differently than other Asian countries. If you want a desert, you must go to a desert shop. If you want a coffee, you must go to a coffee shop etc.

In Japan, breakfast will mostly be buffet style but may be a set-menu. Lunches are mostly pre-set options as is custom in many local restaurants. Dinner is usually a pre-set option or buffet-style, featuring a wide selection of high-quality Japanese and Western dishes, but may occasionally be a set-menu. We usually find this style of dining suits the wide and varied tastes of our customers on tour. These are also pre-booked in advance prior to your arrival by your guides. This will provide greater flexibility and allow you to sample a broad range of local cuisines and dishes. All beverages will be at your own expense and are readily available.

On some days where lots of sights are covered, dinner times may be early and your tour group may head directly to the restaurant after sightseeing without stopping at your hotel to freshen up.

It is imperative that you clearly communicate any and all dietary needs when booking, and don't forget to reaffirm them during your welcome briefing with your tour guide. However, it is crucial to understand that local restaurants might face limitations in accommodating specific dietary requests, particularly in the cases of gluten-free, celiac, or vegan requirements. Please bear in mind that finding gluten-free options may not be as effortless as it is in Australia. Regrettably, we cannot assure that the food served will be entirely free from allergens.

Although most Asian countries are now quite developed, only quite recently have they started to widely accept Western guests. Western food requirements are quite far removed from Asian food requirements, and even medical reasons can be quite difficult to explain. While our ground partners will do everything they can to cater for a wide range of dietary requirements on tour, we ask kindly for your patience and understanding that they cannot always be delivered to the standard you will be used to at home.

It is recommended that passengers with food intolerances bring snacks or additional food items with them, especially when travelling further from major cities as not all dietary requests will be met due to the limited foods available.

Please read your travel guide which you will receive with your final documents for more information about eating in South Korea and Japan. We recommend that when it comes to South Korean and Japanese food, you stay open minded, try to be adventurous and always have a go with the chopsticks!

ACCOMMODATION:

Your accommodation is selected for convenience of location, comfort or character, and can range from a business hotel in one city to a family run guesthouse in a smaller town. In more remote areas, accommodation may be of a lower standard and may not have all western amenities.

In the Fuji area of Japan, hotels tend to be more traditional in style and culture. In this area, you may be asked to take your shoes off at the door and store them in a secure locker – this is very traditional Japanese culture.

Hotels are generally rated as local three to four-star standard, but please note that there is no international classification system for hotels and differences in facilities and quality do exist between the Australia and South Korea/Japan.

Please note that in Japan, hotel rooms and bathrooms are renowned for being small. Standard single rooms are usually smaller than a standard double or twin room, contain one small double bed (or one single bed), and are designed for one person to use. All group tour hotels have private western bathroom facilities, air-conditioning, TV and telephone.

Some hotels in South Korea have hot water restrictions, operating for a few hours at a time, usually in the morning and evenings. Hotels in South Korea often do not have porters and you will be required to carry your own luggage. If you experience any difficulty, please speak to your National Escort/local guide.

Rest assure that all hotels used by Wendy Wu Tours are regularly inspected by our staff and partners to ensure that standards meet your needs.

PORTERAGE:

Please be aware that portorage is not included during land touring, pre and post cruise. You will therefore need to be able to handle your own luggage within the hotel and when using transportation like trains and coaches.

Portorage is however, included onboard the Celebrity Millennium Cruise Ship. Please note, you will be able to leave your luggage outside your cabin door on the last night of your cruise, staff will then be able to make arrangements for your luggage, ready for disembarkation early next morning. Please also note, it is customary to tip for the portorage service.

AIRPORT TRANSFERS:

As we offer our customers a variety of airlines to suit your needs, passengers will arrive/depart in Japan/South Korea at various times during the day. Depending on the number of customers arriving/ departing on the same flight as yourself, the type of transfer to your hotel/ airport will vary.

You will always be met on arrival by English-speaking staff and transferred to your hotel either by:

- Direct shared bus (shared with other passengers, not just Wendy Wu Tours clients)
- Shared bus plus taxi from the nearest bus stop to the hotel (maximum 5-minute walk)
- Chartered coach (if there are more than 8 Wendy Wu Tours passengers arriving at the same time)

On the departure day, all passengers will be met by English-speaking staff at the hotel and transfer by one of the three ways above. For those passengers using a shared bus or shared bus plus taxi to the airport, the guide services end when they drop you off at the bus stop, and you will need to check in at the airport on your own. If you have paid extra for a private transfer, the above does not apply.

You will meet your National Escort at the welcome dinner or, if arriving late, the following morning after breakfast at the welcome meeting.

Please ensure your Wendy Wu Tours luggage tag is visible on your suitcase/hand luggage, as this may also assist your guide in identifying you. If at any stage you are unable to locate your representative, please contact our Japan ground operator on the number included in your final documents.

DEVELOPMENT IN SOUTH KOREA AND JAPAN:

South Korea and Japan are developed countries and as such matches the West in modernity and technological advances. South Korea and Japan are extremely safe country and takes great responsibility in maintaining high safety standards.

GROUP SIZE:

Most of our groups consist of 10 travellers or more and will be accompanied by a national escort. There will usually be no more than 28 travellers in each group although you may encounter other Wendy Wu tour groups while you are travelling.

All our departures are guaranteed to operate with a minimum of 10 travellers booked (unless cancelled due to factors beyond our control). A national escort will accompany each group of 10 or more. However, at our discretion we may operate departures with a smaller group size as we try to operate advertised departures wherever it is viable to do so.

TIPPING POLICY:

Tipping while on holiday is common in most parts of the world and South Korea is no exception. However, it is not always clear who it is appropriate to tip and how much. Furthermore, travellers may not have the right amounts of cash available at the right time. In order to avoid any inconvenience, Wendy Wu Tours operates a tipping policy where a stated amount is given to your National Escort at the beginning of your tour and tips are disbursed throughout your tour.

The amount is designed to be at a reasonable level for travellers while being fair to the local people and includes a gratuity for the National Escort. If you are travelling in a smaller group, we ask for slightly higher amounts per traveller, to be fair to the guide(s). We generally find that most customers appreciate the convenience of our tipping policy but we do recognize that it may not suit everyone. However, as this is a group tour we ask that everyone follows the same protocol to be fair to other group members and to ensure smooth operation of your tour.

Although tipping in Japan is not customary, if you feel you have received an excellent service, please feel free to tip your guide at your discretion.

Cruise: On board gratuities are included in your tour cost (Based on standard cruise inclusions).

Please note: a 20% gratuity will be automatically added to all additional pre-cruise and onboard purchases of spa and salon services, beverages and beverage packages, specialty dining and specialty dining packages, room service and mini bar purchases.

SOUVENIRS:

We want to be able to give you an opportunity to buy souvenirs, so we include some stops at museums or exhibitions which demonstrate a craft or product unique to that region with pieces available to buy. We understand that souvenir hunting is not for everyone, so we aim to take you to places, which hold local interest. We trust you will enjoy these opportunities to learn about local arts and crafts and understand their historical and cultural importance.

CULTURAL DIFFERENCE:

Korean and Japanese society and culture are built on intricate social etiquette and customs. As foreigners, we are not expected to be knowledgeable about all etiquette, but it will make your time in South Korea and Japan more enjoyable if you are respectful of local customs. Some examples of scenarios you may encounter include removing your shoes and hats when entering a temple or house (some restaurants as well). You may be supplied with slippers at some places, but please come prepared with plenty of spare socks, and shoes that are easy to take off for the fairly regular occasions when they must be removed. Your National Escort will advise you of some of these other customs at the beginning of your tour.

PUBLIC HOLIDAYS:

If you are travelling within local Public Holidays, please note that celebrations can last a several days and during these times some businesses will be closed. Coach, air and train travel may also be affected. Tourist attractions will be open; but may be crowded.

LUGGAGE:

All travellers are limited to two items of luggage each: a suitcase with a maximum weight of 20kg and one piece of hand luggage with a maximum weight of five kilograms. It is essential that your luggage is lockable.

PERSONAL EXPENSES:

You will need to take some extra money to cover drinks, laundry, and souvenirs, plus any additional sightseeing that may be offered to you.

It is highly recommended that extra care and attention is paid when exchanging money when travelling to cities outside of Tokyo. We suggest exchanging your money before travelling to smaller towns, as exchange facilities can be very limited. Your National Escort will remind you to do this before departure.

CLIMBING STEPS:

Sightseeing at nearly all the palaces, fortresses and some temples involves climbing quite a number of steps. These palaces were built to provide defence against potential invaders so nearly all of them stand on top of a hill, while the interiors have layers of narrow hallways and steps to slow down the advance of enemies once they were inside. The steps tend to be quite large, not level and sometimes without handrails.

Buddhist temples or pagodas also tend to be built at an elevation, as this is the most auspicious position according to ancient beliefs. This means you sometimes need to walk from the bus park to the entrance, and/or need to climb some steps inside.

People with knee or hip injuries who have poor balance or are otherwise unable to complete these activities independently should consider the suitability of this itinerary carefully.

VACCINATIONS AND YOUR HEALTH:

We recommend that you contact either your GP or Travelvax (1300 360 164) for advice on vaccinations and travel health. Travelvax has a comprehensive website that you may also find useful www.travelvax.com.au.

AFTER YOUR BOOKING:

Once you have booked with Wendy Wu Tours, you will receive a confirmation invoice along with a link to our website where you can find more useful predeparture travel information. Your final documentation pack will be sent to you approximately 2-3 weeks prior to departure.
