China - China's civilization is the oldest in the world and has a history dating back over 5,000 years. With 56 ethnic groups, 22 provinces and eight major dialects, China has a rich and varied culture and way of life. It is home to a wealth of tourist sights and cultural relics which entice our guests to return again and again to this exciting destination.

Chinese Public Holidays - If you are travelling within the below Chinese Public Holidays please note that celebrations last for several days and during these times some businesses will be closed and coach, air and train travel may be affected. Tourist attractions will be open, but may be crowded. Chinese New Year is on 8th February 2016 and 28th January 2017. Golden Week public holidays fall annually between 1-3 May and 1-7 October.

Development in China - Though parts of China match the west in modernity and technological advances, it is important to remember that China is still a developing country and as such, many aspects of tourism in China do not have the solid infrastructure and safety standards as seen here in Australia. It is important that our guests travel to China with an open mind and a sense of humour. All of our suppliers meet local safety standards as a minimum. We want you to have an enjoyable holiday so we ask that you take extra care, use your common sense, refer to notices and follow advice from your National Escort/Local Guides.

Roads in China - Roads in China have generally been improved over recent years, but traffic and/or weather conditions may extend driving times. For this reason, it may not always be possible to return to your hotel after sightseeing to freshen up before going to the restaurant for dinner. There may be sections of road where the surface may be comparatively bumpy but our drivers will do their utmost to lessen the impact. Road construction work usually covers an enormous section of road – not just one or two kilometers as you may be used to. For this reason, the timings listed in the sections below are approximations only.

Cuisine in China - Chinese cuisine is one of the most influential, diverse and flavoursome culinary styles in the world with a legacy stretching back thousands of years. Chinese dishes incorporate many spices and seasoning to create an explosion of flavours. Though Chinese cuisine can vary greatly from Chinese food we get in Australia, it is important to keep an open mind and be adventurous. All meals (excluding drinks) are included in our fully inclusive China Delights group tours from the groups' arrival until the groups' day of departure. Please be aware that dishes selected for your meals reflect the cooking styles and signature dishes of the local area you are in.

Sichuan cuisine (or Szechwan as it is still known in the west) is distinguished by its use of ginger, chili and the 'Sichuan peppercorn' called fagara. Each meal will usually have some mild dishes for those who don't enjoy eating hot or spicy food, but please bear in mind that the majority of local specialty dishes will be hot. If your group finds that no mild dishes have been served, please inform your National Escort/Local Guide so that they may resolve the problem for the next meal. Always remember if you cannot find suitable food, please speak to your National Escort/Local Guide who will be happy to assist you.

Joining Your Tour - The tour is 19 days in duration including international flights. Travellers booked on 'Land Only' arrangements should make their own way to the starting point. Please refer to your Final Itinerary for more specific meeting instructions pertaining to your departure. Join the tour on Day 2 in Shanghai and end the tour on Day 18 in Beijing.

Day Outline

Tour Profile

Visas - Entry visas are required by all visitors to China and Wendy Wu Tours' Visa Department can assist you with the process of obtaining a visa. We will supply you with all paperwork and submit the visa application on your behalf. Visas for China are valid for 90 days from the date of issue and allow you to stay in the country for up to 30 days. Please be advised that your passport must have at least 6 months validity left on it when you arrive back into Australia.

Visa application forms and all relevant documentation are due in our office **60 days prior to departure**; if received after this date urgent visa processing fees will apply. Passports will be returned with your final documentation **2-3 weeks prior to your group tour's scheduled departure**. If you require your passport to be returned earlier, a \$15 courier fee will apply. Please note that if you intend to arrive more than 24 hours before your tour commences or intend to stay in China after your tour has ended and you are **NOT** staying in a hotel you will need to register with the local police station. If you are staying in a hotel, registration is done on your behalf as part of the check-in process.

Insurance - We strongly encourage all customers to take a copy of their travel insurance documents (especially relevant international contact numbers) with them while on tour. We advise that you check the inclusions and procedures for lodging claims prior to your departure. These documents should be stored separately from the originals.

Accommodation - Your accommodation is selected for convenience of location, comfort or character, and can range from a business hotel in one city to a Family-run guesthouse in a smaller town. In remote areas accommodation may be of a lower standard and may not have all western amenities. Hotels are generally rated as local three to four-star standard, but please note that there is no international classification system for hotels and differences in facilities and quality do exist between Australia and China. All group tour hotels have private western bathroom facilities, air conditioning, TV and a telephone. Plumbing and electricity supplies can be erratic and quite often the power in hotel rooms is turned off while guests are out of the room. If you experience any difficulty please speak to your National Escort/Local Guide. Rest assured that all hotels used by Wendy Wu Tours are regularly inspected by our staff and our partners to ensure that standards meet your needs.

Please note that the Chinese government has strict environmental regulations in regards to the use of air conditioning and heating during certain times of the year. Hotels are only permitted to turn air conditioning on in

the summer months from mid-May to mid-October and heating is permitted to turn on from mid-November to mid-March.

Exchanging Cash - It is highly recommended that extra care and attention is paid when exchanging money when travelling to cities outside of Beijing and Shanghai. US Dollars are easily exchanged throughout China and other currencies such as Australian Dollars can generally be exchanged in hotels and airports provided notes are new and undamaged. We suggest exchanging your money before travelling to remote areas and smaller towns, as exchange facilities can be limited. Your National Escort will remind you to do this before departure.

Personal Expense - You will need to take some extra money to cover drinks, laundry and souvenirs, plus any additional sightseeing that may be offered to you. Based on the advice of previous customers an approximate amount of AUD\$250 per week should be sufficient; however for those that can't resist a bargain or may wish to participate in all of the optional excursions, consider allocating a higher amount.

Optional Excursions - May be offered in each city you visit during your tour. These are not included in the standard itinerary and will only be available if time permits and if seats are available. The cost for each optional activity can range from RMB150 (AUD\$33) to RMB350 (AUD\$76) per activity. In your Final Documentation an Optional Excursion Sheet will be included outlining the activities available in each city and local cost associated. Please ensure you have additional funds available if you feel you may wish to participate in any extra activities. Each option will be arranged locally by your National Escort/Local Guide, participation and tipping for optional excursions is completely at your discretion.

Transport: Roads - Coaches with air conditioning are used on our group tours for city sightseeing, short excursions to the countryside and longer transfers where necessary.

Transport: Air - Internal flights are based on economy class, with reputable airlines.

Transport: Rail - On this tour, you will take a bullet train journey from Xian to Beijing. You will travel in second class soft seat class with air conditioning.

Group Size - In most cases the group will operate with a minimum of nine travellers with expert Local Guides in each of the main cities. If there are 10 travellers or more, your group will be accompanied by a National Escort as well as Local Guides. There will usually be no more than 29 travellers in each group.

Climate - You will find a complete packing list and a helpful climate chart in the 'Suggested Packing List', which is included in the pre-departure information link sent within your deposit documentation. Seasonal weather patterns can be quite unpredictable. Up to the minute information on worldwide weather can be found on www.weather.com.

Vaccinations and Your Health - We recommend that you contact either your GP or Travelvax (1300 360 164) for advice on vaccinations and travel health. Travelvax has a comprehensive website that you may also find useful www.travelvax.com.au.

Before You Leave - We strongly recommend registering your travel plans with www.smartraveller.gov.au as in the event of an emergency, Australian Consular assistance will be more readily available. You can also access the Australian Government's travel advisory service for up to date information about your destination on the same website.

Luggage - All travellers are limited to two items of luggage each; a suitcase with a maximum weight of 20kg and one piece of hand luggage with a maximum weight of 5kg. It is essential that your luggage is lockable. Please note that Chinese authorities will only allow bottles onto the aircraft if they have been checked in as main baggage. Bottles in hand luggage may be confiscated.

Tipping - Is a firm and expected element in the tourism industry. A nominated tipping amount is included in all group tour pricing, however is not collected in your final payment received by Wendy Wu Tours. This is so that it can be paid directly to your National Escort/Local Guides who will then distribute the tips among your main service providers – guides and drivers – on your behalf. Any other tipping, such as tips for bathroom attendants or hotel

porters is at your discretion based on satisfaction of services received, as are gratuities for additional requested special services. The final tipping amount will be outlined in your final documentation.

After your booking - Once you have booked with Wendy Wu Tours, you will receive a confirmation invoice followed by deposit documentation, which includes a visa application form (if applicable), and a help sheet. Your final documentation pack will be sent to you approximately two weeks prior to departure, and will include a travel wallet, a travel guide (which includes a suggested phrase book) and packing list, along with your final itinerary and international e-tickets.
