Insurance

We strongly recommend that you take out a policy as soon as you pay your deposit. Wendy Wu Tours cannot in any way be made liable for any additional cost incurred by the customer on any tour due to the customer not having adequate travel insurance.

We also encourage all customers to take a copy of their travel insurance documents (especially relevant international contact numbers) with them while on tour. We advise that you check the inclusions and procedures for lodging claims prior to your departure. These documents should be stored separately from the original.

Altitude

On this tour you will be spending several nights at altitude – in Quito at 2,856m on Days 2-3, Otavalo at 3,068m on Day 4 and Cotapoxi National Park at 3,900m on Day 6. At these sort of altitudes, Altitude Sickness is a risk. Symptoms may include dizziness, fatigue, nausea and shortness of breath. It is recommended that travellers utilize their first day in high-altitude destinations to acclimatise. To help you acclimatise we have designed our tours to be at a slower pace with more convenience stops and more free time, during the first few days. Staying hydrated, eating light meals and following a very light schedule will all help. We recommend that any symptoms that are unusual should be brought to the attention of your National Escort. Your National Escort will be extremely well-trained in dealing with its effects – taking it easy and taking some time to acclimatise are the best ways to prevent and combat it. Serious cases, meaning that you must descend immediately, are rare. We have adapted the itinerary to make sure that your time at these heights is as relaxed and easy as possible.

There are no specific factors, such as age or fitness, that can cause you to suffer from altitude sickness. This can affect anyone at any time and symptoms may vary. All the hotels that we have selected to use on our programmes provide oxygen free of charge, please ask to use this. There is medication - that can help treat and prevent symptoms. Consult a doctor before taking any of these medications, before engaging in strenuous activity at high altitude and regarding any necessary vaccinations in plenty of time before travelling.

Eating in Ecuador

The diversity of the landscape provides Ecuador a tremendous amount of produce, meat and seafood. The unique environments are well represented in Ecuadorian cuisine, being equally as varied. Typical dishes are hearty and filling, containing a combination of meat or seafood and vegetables. Some examples of Ecuadorian cuisine in general include patacones (unripe plantains fried in oil, mashed up, and then refried), llapingachos (a pan-seared potato ball), and seco de chivo (a type of stew made from goat). A wide variety of fresh fruit is available, particularly at lower altitudes, including granadilla, passionfruit, naranjilla, several types of banana, uvilla, taxo, and tree tomato.

Your itinerary has been carefully crafted to introduce you to a range of local dishes and we hope that you enjoy the culinary adventure ahead. All meals (excluding drinks) are included in our fully inclusive group tours from dinner on the day of your group's arrival until breakfast on your day of departure.

Those with dietary requirements will be well catered for - just make sure to inform your booking agent of any specific requirements well in advance of your trip.

All the restaurants we visit will be researched and inspected regularly to ensure that they follow the strictest health, cleanliness, and safety guidelines. All waiting staff will wear face masks and gloves and self-service buffets will be avoided in favour of à la carte dining, waiter-served meals, or waiter-assisted buffets. Hand sanitiser will be provided to the group before and after every food and beverage service.

Accommodation

Your accommodation is selected for convenience of location, comfort or character, and can range from corporate hotels to rainforest lodges. Hotels are generally rated as local three to four-star standard, but please note that there is no international classification system for hotels and differences in facilities and quality may exist between Australia and South America. All group tour hotels have private bathroom facilities and air conditioning where needed. If you experience any difficulty, please speak to your National Escort. Rest assured that all hotels used by Wendy Wu Tours are regularly inspected by our staff and our partners to ensure that standards meet your needs.

Transport

Coaches: Coaches with air conditioning are used on our group tours for city short excursions to the countryside and longer transfers between destinations. Roads in Ecuador have generally been improved over recent years, but please be aware traffic and/or weather conditions may extend driving times. There may be sections of road where the surface may be comparatively bumpy, but our drivers will do their utmost to lessen the impact.

Planes: Internal flights are based on economy class, with reputable airlines. Within Latin America flights are often changed multiple times before departure, both timings and flight numbers. The utmost care will be taken to ensure that your final documents will have the latest information, however your local guide will confirm this in destination. Boarding passes can be collected directly at the airport. The flights booked as part of your itinerary will always reflect the best timings to suit the touring itinerary, with direct flights wherever possible, however due to limited schedules some flights may require an early departure or late arrival.

Souvenirs

There are plenty of interesting bits and pieces to buy as souvenirs in Ecuador, such as indigenous textiles, handicrafts, artworks, chocolate, coffee, Panama Hats and leather. There will be some opportunities during your tour to pick up souvenirs.

Group Size

Most of our groups consist of 10 travellers or more and will be accompanied by National Escorts. There will usually be no more than 18 travellers in each group.

All our departures are guaranteed to operate with a minimum of 8 travellers booked (unless cancelled due to factors beyond our control). However, at our discretion we may operate departures with a smaller group size as we try to operate advertised departures wherever it is viable to do so.

Tipping Policy

Local tipping is customary in Latin America. However, this can often lead to awkwardness in knowing when it is appropriate to tip and how much, as well as ensuring you have a suitable amount of change available at the time. For your convenience, with years of experiences in providing the best customer service, Wendy Wu Tours operates a kitty system on our Group Tours so your National Escort will look after this aspect of your trip for you. It also ensures that the amounts paid are reasonable for you but still fair for the local people. The amount is stated on each Group Tour page will be advised again on your final documentation. Tipping is in US Dollars and will be collected by your National Escort on arrival and distributed throughout the tour on your behalf. Any additional tipping on any of our tours is welcomed at your discretion. Further guidance for tipping contributions will be outlined in your final documentation.

We generally find that most customers appreciate the convenience of our tipping policy, but we do recognise that it may not suit everyone. However, as this is a group tour, we ask that everyone follows the same protocol to be fair to other group members and to ensure smooth operation of your tour.

Packing list and Climate

Please refer to our website or brochure for detailed temperature charts.

You will find a complete packing list and a helpful climate chart in the 'Suggested Packing List', which will be included in the pre-departure information link sent within your deposit documentation. Seasonal weather patterns can be quite unpredictable. Up to the minute information on worldwide weather can be found on www.weather.com

Luggage

All travellers are limited to two items of luggage each, a suitcase with a maximum weight of 20kg and one piece of hand luggage with a maximum weight of five kilograms. It is essential that your luggage is lockable. Please note that authorities will only allow bottles onto the aircraft if they have been checked in as main baggage. Bottles in hand luggage may be confiscated.

Exchanging Cash

The unit of currency in Ecuador is the United States Dollar (USD). We suggest exchanging your money before travelling to remote areas and smaller towns, as exchange facilities can be limited. Try and keep some small notes and coins on you, as on street stalls and in small shops they may not have the change to break up a high denomination note. If you decide to use US dollars, make sure they are in a good state (not ripped, etc.) or they will not be accepted. ATMs are common across Ecuador and we recommend using an ATM inside a bank where possible. Most major credit cards are widely accepted across the continent, though please bear in mind the charges of your provider. Debit cards are also widely accepted but may have a limit to the amount of cash you can withdraw so consult your bank about this before travelling.

Personal Expenses & Optional Tours

Personal Expense - You will need to take some extra money to cover drinks, laundry and souvenirs, plus any additional sightseeing that may be offered to you. Based on the advice of previous customers an approximate amount of AU\$250 per person, per week should be sufficient; however, for those that can't resist a bargain or may wish to participate in all of the optional excursions, consider allocating a higher amount.

Optional tours may be offered in each city you visit during your tour at an additional cost. These are not included in the standard itinerary and will only be available if time permits. Each option will be arranged locally by your National Escort/Local Guide.

Vaccinations and Your Health

We recommend that you contact either your GP or Travelvax (1300 360 164) for advice on vaccinations and travel health. Travelvax has a comprehensive website that you may also find useful www.travelvax.com.au

Before You Leave

We strongly recommend registering your travel plans with www.smartraveller.gov.au as in the event of an emergency, Australian Consular assistance will be more readily available. You can also access the Australian Government's travel advisory service for up to date information about your destination on the same website.

After your booking

Once you have booked with Wendy Wu Tours, you will receive an email with your confirmation invoice, along with a link to our website where you can find your visa information (if applicable) and other important information. Your final documentation pack will be sent to you approximately 2 weeks prior to departure.
