Country Profile: Egypt & Jordan

Egypt is located to the north of Africa and joins the continent to the Middle East. Dating to the time of the pharaohs, Millennia-old monuments sit along the fertile Nile River Valley, including Giza's colossal Pyramids and Great Sphinx as well as Luxor's hieroglyph-lined Karnak Temple and Valley of the Kings tombs. The capital, Cairo, is home to Ottoman landmarks like Muhammad Ali Mosque and the Egyptian Museum, a trove of antiquities.

As one of the most peaceful and politically and economically-stable countries in the Middle East, **Jordan** is one of the most popular countries in the region in terms of tourism. Most famous for the 2000 year-old city of Petra, carved out of sandstone rock, Jordan's lands are as rich and fertile as its people are welcoming. Travel back in time, along the paths of the Romans, Nabataeans and biblical figures as you travel around this beautiful country. Jordan's wealth of culture will envelop you with ruins of ancient civilizations, religious sites, cultural hotspots and fabulous landscapes, from the dusty desert canyons to winding valleys.

Jordan's populations is mainly comprised of Arabs, either descendants of various tribes that inhabited this region centuries ago or those whose ancestors migrated here long ago. There is a smaller Circassian demographic (descendants of Muslim refugees from the 19th century), Chechens and a small Armenian population. Most of Jordan's population identify as Sunni Muslims, and its Christian population belong to the Greek Orthodox Church.

Karnak Temple – A city of temples built over 2000 years. It still overshadows many of today's wonders and is the largest religious building ever made. The great temple at the heart of Karnak is so big that St Peter's, Milan and Notre Dame Cathedrals would fit within its walls.

Day 8: Explore West Bank

Start the day with a visit to Luxor's West Bank, one of the most stunning landscapes in Egypt. Touring today will include Colossi Memnon statues, the Temple of Hatshepsut at Deir-el-Bahari and the Valley of the Kings, home to the tombs of ancient Egyptian kings. After touring sail to the farming town of Esna.

Destination Information

Colossi Memnon – Two massive stone (twin) statues of the Pharaoh Amenhotep III, who reigned during the 18th dynasty. They are located in the Theban Necropolis and have survived for 3400 years. They once flanked the entrance to his lost mortuary temple that has been eroded over time.

Temple of Hatshepsut - The mortuary temple of Hatshepsut located beneath the cliffs of Deir-el-Bahari is dedicated to Amun and Hatshepsut. It mirrored Mentuhotep II's temple but on a much grander scale as Hatshepsut needed to establish her authority and legitimacy of her reign in a more obvious way than her predecessors.

Valley of the Kings – Formed through excavation of rock cut tombs for the pharaohs and powerful nobles of the New Kingdom and burial site of nearly all the kings of the 18th, 19th and 20 dynasties, including Ramses X and Tutankhamun's tomb.

Kom Ombo Temple – An unusual double temple dedicated to two gods: the local crocodile god Sobek and Haroeris, meaning Horus the Elder. Its twin dedication is clearly reflected in its twin entrances, two linked hypostyle halls with carvings of two gods on either side, and twin sanctuaries.

Day 10: Discover Aswan

This morning you will tour the town of Aswan. You'll visit the 3600-metre-long High Dam, the Unfinished Obelisk and the majestic Temple of Philae. This afternoon, enjoy a felucca tour around the area, viewing Elephantine Island, Kitchener's Island and the botanical gardens.

Destination Information

Unfinished Obelisk – The largest known ancient obelisk created by order of Hatshepsut and is one-third larger than any ancient Egyptian obelisk ever erected. It is carved directly out of bedrock, but cracks appeared in the granite, so the project was abandoned. The bottom is still attached to the bedrock.

Ham Dam – The world's largest embankment dam built across the Nile in Aswan. It serves the irrigation needs of both Egypt and Sudan and helps in improving navigation across the Nile.

Day 11: Giza Sound & light show

After disembarking from the ship you have the morning free to explore as you wish. Why not take a stroll through Aswan market before transferring to the airport for your flight to Cairo. On arrival you will be transferred to your hotel. In the evening attend the Sound and Light show at Giza.

Destination Information

Giza Sound and light show – A staged show taking you through the history of Egypt using sound and light effects, reflecting on the pyramids combining ancient wonders with modern technology.

Day 12: Depart Cairo

After breakfast you will be transferred to the airport for your flight to Amman. On arrival in Amman you have the day to relax or explore your surroundings.

Day 13: Jerash Chariot Race

The following morning, you will head out 35km of Amman to the small city of As- Salt, where you will enjoy a city tour. Following your visit, hop back in your vehicle for the drive to Jerash, a ancient Roman city known as the Pompeii of the East. Here you will learn about the city's past before watching a favoured Roman pastime, chariot racing.

Continue your tour of Jerash followed by a short drive to the town of Ajloun. Here you will visit the fortress of *Qa'lat Al Rabad, overlooking the Jordan Valley*. After, head back to Amman to enjoy some downtime before dinner this evening

Destination Information

As-Salt - To the northwest of Amman lies As-Salt, a mountainous city and a UNESCO world heritage site. Founded by Alexander the Great, the city was destroyed centuries later by the Mongols before rediscovering its former glory during the Ottoman Empire. As-Salt and its ancient architecture has enjoyed less modernisation than its neighbour Amman, thus is a wonderful historical throwback to old Jordan. In addition to its historical past, the fertile soil in As-Salt has helped its burgeoning reputation as an agricultural hub, and the city is particularly well-known for the quality of its grapes, olives and other dried fruits.

Jerash - Widely agreed by scholars to be of the most important Roman cities on the eastern fringes of its empire, Jerash is Jordan's most impressive Roman settlement and one of the best preserved sites outside of Italy. Ruins here include Emperor Hadrian's Arch, the Hippodrome, the Temple of Artemis and the iconic Forum that is bordered by 160 columns.

Ajloun - This small town is well known for its historic castle that sits atop Mount Auf, an important Saracen stronghold in the fight against the Crusaders. Also of note is the Ajloun Forest Reserve and Jordan's oldest mosque; the Great Ajloun Mosque.

Amman - The capital city is the largest in Jordan is spread over 7 hills and is the seat of the royal family. Amman is a blend of both new and old, being not only a prosperous centre of commerce and finance but also home to many ruins, including a magnificent Roman amphitheatre, the Byzantine Basilica and the Temple of Hercules or Great Temple of Amman.

Day 14: Nai Workshop

Enjoy a tour of the old city of Amman this morning, exploring the Citadel and Roman Amphitheatre. After your tour, head out of the city for a visit to some of Jordan's Desert Castles. They are beautiful examples of early Islamic art and architecture. See the stunning artwork in the UNESCO World Heritage Site of Qasr Amra, Al Kharranah Palace and Azraq Castle. Return to Amman this afternoon for a visit to a Nai-making workshop; a traditional Jordanian musical instrument. Under the tutelage of a local expert, you will learn how to make your own instrument.

Destination Information

Citadel - One of Amman's most famous ruins, the Citadel sits on Jebel Al Qala'a hill which overlooks the old city. Upon approaching the Citadel, you will see sections of the 1700 metre wall that dates back to the Bronze Age. Inside you will find the Temple of Hercules, a now largely-decayed structure that was built by Emperor Marcus Aurelius and that once reaches 13 metres in height, the Umayyad Palace, a complex dating from the 8th Century and the 6th Century Byzantine Church.

Roman Amphitheatre - Dating back to the 2nd Century AD, this well-preserved Roman site once housed up to 6000 spectators. The angle at which the amphitheatre was carved into the hillside ensured that the sun would not shine on spectators during performances. The acoustics are also perfect, meaning that during the Roman occupation even the audience members at the very highest seats would still have been able to hear the actors performing on stage.

Desert Castles - Scattered throughout Jordan, these desert castles were often used as a refuge for Caliphs who sought to escape the heat of the city. With the intricate mosaic work and stone carvings, they are a wonderful example of ancient Islamic art and architecture.

Day 15: Amman - Mount Nebo – Madaba - Petra

After breakfast, you will make your way to Mount Nebo, the site of Moses' Tomb. From there, Moses viewed the promised land in Canaan and died there before being buried in a nearby village. Here there are ruins of 4th and 5th-Century churches whose floors are still covered with marvellous and intricate mosaics. Continue to the town of Madaba where you will visit the Orthodox Church of St George and the Madaba Mosaic Map, the oldest surviving depiction of the Holy Land. After your visit to Madaba, you will travel on to magnificent Petra.

Destination Information

Mount Nebo - one of the most important holy sites in Jordan, the church here was abandoned in 1564 and fell into disrepair before being purchased by the Franciscan Order, who restored the area and built a monastery there. Pope John Paul II visited the monastery in 2000, planting an olive tree next to the Byzantine Chapel.

Madaba - On the East Bank and on the Kings' Highway sits Madaba, 'The City of Mosaics'. True to its name, many of these excavated mosaics are on display in town's museum, but it is estimated that almost every house in the town may have ancient Byzantine mosaics beneath the ground that are just waiting to be discovered.

Day 16: Petra

This morning you will marvel at the beauty of the 'Lost City', exploring its many caves and tombs. Surrounded by imposing mountains and approached through a deep, narrow cleft in the rocks known as the Siq, Petra is a unique and unforgettable place and, enhanced by the play of light and shadow, an altogether overwhelming experience. You have the afternoon to yourself before your evening tour of Petra.

To book call **1300 727 998** or visit your local travel agent

Destination Information

Petra - One of the world's most prized UNESCO World Heritage Sites and voted in 2007 as one of the 'New Seven Wonders of the World', this prehistoric city is nestled within desert canyons and carved deep into the sandstone cliff faces. Capital of the Nabataean Empire between 400 BC - 600 AD, the site gradually grew to prominence and has stood throughout history as one of the world's most unique attractions, with scenes from films such as *Indiana Jones and the Last Crusade* shot from the outside and within the city.

Day 17: Wadi Rum

Following a visit to Little Petra, transfer to Wadi Rum; the Valley of the Moon. Here you will find adventure and feel the romance of the Arabian desert. Wadi Rum is like a moonscape of ancient valleys and towering weathered sandstone mountains rising out of white and pink colored sands. Explore Lawrence's road, visiting the most spectacular sights of Wadi Rum. Drive among sand dunes and canyons with graffiti inscriptions and venture through the dry oasis, exploring the most interesting and exciting sites of Wadi Rum. This evening you will stay in a unique desert camp.

***Please note** that temperatures in Wadi Rum drop sharply at night. Make sure to bring a warm jacket with you.*

Destination Information

Little Petra - The Nabataean archaeological site of Little Petra consists of 3 wide open areas connected by a 450-metre canyon. Similar to Petra, its many rooms were a result of carving into the red sandstone canyons.

Wadi Rum - This arid stretch of desert has been home to Jordanians for thousands of years, which is impressive in itself given its lack of fresh water and vegetation. Wadi Rum has also earned its place in history, with the locals fighting the occupying Turkish and German armies during the Arab Revolt of 1917 and 1918. Nowadays, whilst most of Wadi Rum's Bedouin inhabitants may have moved away from their nomadic lifestyle, they have equally played a pivotal role in recent years to bring tourism to the area.

Day 18: Dead Sea

Checking out of your desert camp in Wadi Rum this morning, you will head north along the Jordanian/Israeli border to the Dead Sea - the lowest point on earth. After lunch you are free to enjoy the delights of the Dead Sea.

Destination Information

Dead Sea - This landlocked salt lake is located in the Jordan Rift Valley and sits on the border between Jordan and Israel. At 304 metres deep, rain and surface water flows into the Dead Sea but apart from evaporation, the water has no escape. The continuous evaporation in combination with the high salt content means that for over 65,000 years, the salinity levels of the Dead Sea have been ever increasing. Many travellers come to bathe in these unique waters and the high salt content and mineral-rich mud are said to bring many.

Eating in Egypt and Jordan

Egyptian food combines many different elements of Lebanese, Turkish, Syrian, Greek and French dishes changed to suit different tastes – Mediterranean influences in Alexandria but spicy Nubian flavors for the south. Some local dishes to try are Fuul – beans mashed with tomatoes, onions and spices. Taamiya is deep-fried patties of spiced green beans served in pitta bread with salad. Makarona is macaroni baked into a cake with minced lamb and tomato sauce.

It is not advisable to drink tap water throughout Egypt. Please ensure you have bottles water with you at all times and when freshening remember to use the bottled water supplied or your own bottle.

Jordanian cuisine is wonderfully rich and flavourful, with the inspiration for much of its cuisine dating back hundreds of years when Jordan was a vital stage on the spice routes from China and India. Hearty dishes such as *mansaf* (lamb, rice and rehydrated yoghurt) fragrant *zarb* (succulent chicken, herbs and vegetables cooked in a pot beneath the desert sands in true Bedouin style), *baba ghanoush* (grilled aubergines with fresh parsley and pomegranate molasses) fresh *hummus*, olives and endless varieties of dates all contribute to the wonderful cuisine to be found here. Savoury dishes aside, Turkish and Arabic coffee is served throughout the country. Jordanians also have a taste for all things sweet, with sweet pastries like *baclava* a favourite amongst locals and tourists alike. Whilst we always encourage our guests to try the local cuisine, you will have opportunities during your tour to eat Western food.

Those with dietary requirements will be well catered for - just make sure to inform your booking agent of any specific requirements well in advance of your trip.

All the restaurants we visit will be researched and inspected regularly to ensure that they follow the strictest health, cleanliness, and safety guidelines. All waiting staff will wear face masks and gloves and self-service buffets will be avoided in favour of à la carte dining, waiter-served meals, or waiter-assisted buffets. Hand sanitiser will be provided to the group before and after every food and beverage service.

Please read your travel guide, which you will receive with your final documents for more information about eating in Egypt & Jordan. We recommend that when it comes to Egyptian & Jordanian food, you stay open minded and try to be adventurous!

Special note in regards alcohol in Jordan:

Please note that alcohol is not provided at your hotels and restaurants, however you are permitted to bring alcohol to your rooms. Keep in mind that Jordan is a more conservative country than you may be used to and it is highlight frowned upon to show public displays of drunkenness.

Accommodation

Your accommodation has been selected for convenience of location, comfort or character, and can range from a business hotel in one city to a heritage-type hotel. In remote areas, accommodation may be of a lower standard and may not have western amenities. Hotels are generally rated as local three to four-star standard, but do please note that there is no international classification system for hotels and differences in facilities and quality do exist between Australia , Egypt and Jordan. Rest assured that all hotels used by Wendy Wu Tours are regularly inspected by our staff and our partners to ensure that standards are met.

While all group tour hotels have private western bathroom facilities air conditioning, TV and a telephone, on the sleeper train there are shared ablutions at the end of each carriage, but your compartment will have a basin. Plumbing and electricity supplies can be erratic and quite often the power in hotel rooms is turned off while guests are out of the room. If you experience any difficulty, please speak to your National Escort or Local Guide.

Porterage

Please be aware that porterage is not included on our tours in Egypt. You will therefore need to be able to handle your own luggage within the hotel and when using transportation like trains and coaches.

Transport

Coaches: Coaches with air conditioning are used on our group tours for city sightseeing, short excursions to the countryside and longer transfers where necessary. Main and inner-city roads in Egypt have a reputation for being very congested. For this reason, it may not always be possible to return to your hotel after sightseeing to freshen up before going to the restaurant for dinner. Roads in Egypt have generally been improved over recent years, but traffic and/or weather conditions may extend driving times. Road construction work usually covers an enormous section of road - not just one or two kilometres as you may be used to. For this reason, the timings listed in the sections above are approximations only.

Planes: Internal flights are based on economy class, with reputable airlines. Pre-flight seat allocation is not available on international and internal flight sectors.

Cruise ships: On this tour you will take a 4-night cruise down the Nile River. Your cabin on your Nile River cruise ship will have a private bathroom and French balcony. Please note that the cruise ship and all shore excursions arranged by the cruise are on a shared basis.

Trains: On this tour you will take an overnight sleeper train from Cairo to Luxor (approx 10 hrs duration). Following checkin you will be served a light dinner to your cabin. Cabins consist of 2 seats that are then converted to two

beds (bunk beds) at night time, there is also a small wash basin and vanity in each cabin. Bathroom facilities are on a shared basis.

4WD: Due to Wadi Rum's remote location and difficult terrain, you will travel to and from here in a fleet of 4x4's. Water will be provided and you will experience the thrill of venturing through the desert in an all-terrain vehicle

Development in Egypt and Jordan

Although Egypt is developing quickly, it still lacks the international standards of civil infrastructure and tourist facilities. Concepts of personal responsibility are also different to those in Australia. Consequently, tourist and public facilities may not uphold the same safety standards as in Australia; for example, you may see a hole in the road without a warning sign or safety barricade. All of our suppliers meet local safety standards as a minimum. We want you to have an enjoyable holiday so we ask that you take extra care, use your common sense, refer to notices and follow advice from your National Escort or Local Guides.

Jordan is a developed country and as such matches the west in modernity and technological advances in many aspects. Jordan is a safe country to visit and the locals are very friendly and willing to help visitors

We trust you will enjoy these opportunities to learn about local arts and crafts and understand their historical and cultural importance.

Group Size

The group size on our Middle East Classic Tours is on average 10-18 passengers, with a maximum group size of 18. You may encounter other Wendy Wu tour groups while you are travelling. On our group tours we operate a seat-and-a-half policy, allowing you to travel in greater comfort.

All our departures are guaranteed to operate with a minimum of 8 travellers booked (unless cancelled due to factors beyond our control). A national escort will accompany each group of 10 or more. However, at our discretion we may operate departures with a smaller group size as we try to operate advertised departures wherever it is viable to do so.

Tipping Policy

Tipping while on holiday is common in most parts of the world and Egypt and Jordan are no exception. However, it is not always clear who it is appropriate to tip and how much. Furthermore, travellers may not have the right amounts of cash available at the right time. In order to avoid any inconvenience Wendy Wu Tours operates a tipping policy where a stated amount is given to your national escort at the beginning of your tour and tips are disbursed amongst your main service providers (for example local guides and drivers) throughout your tour. The amount is designed to be at a reasonable level for travellers while being fair to the local people and includes a gratuity for the national escort. Any other tipping, such as tips for bathroom attendants or hotel porters that are taking luggage to your room, is at your discretion based on satisfaction of services received, as are gratuities for additional requested special services.

We generally find that most customers appreciate the convenience of our tipping policy but we do recognize that it may not suit everyone. However, as this is a group tour we ask that everyone follows the same protocol to be fair to other group members and to ensure smooth operation of your tour.

Packing List & Climate

You will find a complete packing list and a helpful climate chart in the 'Suggested Packing List', which will be included in the pre-departure information link sent within your deposit documentation. Seasonal weather patterns can be quite unpredictable. Up to the minute information on worldwide weather can be found on www.weather.com

Luggage

All travelers are limited to two items of luggage each; a suitcase with a maximum weight of 20kg and one piece of hand luggage with a maximum weight of five kilograms. It is essential that your luggage is lockable. Please note that authorities will only allow bottles onto the aircraft if they have been checked in as main baggage. Bottles in hand luggage may be confiscated.

Exchanging cash

It is highly recommended that extra care and attention is paid when exchanging money when travelling to cities outside of Cairo & Amman. US Dollars and Australian Dollars can be exchanged at Cairo Airport and in some hotels, provided the Australian currency is new and undamaged. We suggest exchanging your money before travelling to smaller towns, as exchange facilities can be very limited. Your National Escort will remind you to do this before departure.

Personal expenses and optional tours

Personal Expense - You will need to take some extra money to cover drinks, laundry and souvenirs, plus any additional sightseeing that may be offered to you. Based on the advice of previous customers an approximate amount of AUD\$250AUD per person, per week should be sufficient; however, for those that can't resist a bargain or may wish to participate in all of the optional excursions, consider allocating a higher amount.

Optional Tours - May be offered in each city you visit during your tour. These are not included in the standard itinerary and will only be available if time permits and if seats are available. In your Final Documentation an Optional Excursion Sheet will be included outlining the activities available in each city and local cost associated. Please ensure you have additional funds available if you feel you may wish to participate in any extra activities. Each option will be arranged locally by your National Escort/Local Guide, participation and tipping for optional excursions is completely at your discretion.

Climbing Steps

Sightseeing at a lot of sites of interest involves climbing quite a number of steps. The steps tend to be quite large, not level and sometimes without handrails. You sometimes need to walk from the bus park to the entrance, and/or need to climb some steps inside. People with knee or hip injuries, who have poor balance or are otherwise unable to complete these activities independently should consider the suitability of this itinerary carefully.

Cultural Difference

Both Egyptian and Jordanian society and culture are built on intricate social etiquette and customs. As foreigners, we are not expected to be knowledgeable about all etiquette, but it will make your time in Egypt & Jordan more enjoyable if you are respectful of local customs. Some examples of scenarios you may encounter are, whilst Muslim women's clothing often covers their legs, arms, and hair, Western women are not subject to these customs. However, very revealing clothing is discouraged, and dressing conservatively around the old part of Amman and outside of the cities is advisable for both men and women. Furthermore, women do not need to cover their heads or tie their hair. T-shirts are also fine.

Some religious sites and homes might require all visitors to remove their shoes to enter. Even if you then need to walk outdoors, over hot or rough ground, you will not be allowed to wear shoes. You will often find shoe storage rooms near the entrance of a site where it is customary to leave your shoes near the entrance. Occasionally there are 'shoe minders' who will offer to keep your shoes safe for a 'tip' – this is not compulsory so each customer can choose to tip for this service or not. If you do not want to remove your shoes, you will have to remain outside.

We recommend shoes that easily slip on and off, and carry a pair of thick, old socks in your daypack, which you can wear to protect your feet from any rough or hot surfaces.
