Important Visas and Immigration Notes

As this is a multi-country 5 Stans trip, your National Escort will change in Almaty. Your Turkmen National Escort will meet you at the Ashgabat airport in Turkmenistan and guide you in Turkmenistan, Uzbekistan and in Tajikistan. He or she will check you at the Dushanbe, Tajikistan airport and wave you off for your flight to Almaty, Kazakhstan.

Upon arrival in Almaty, a Kazakh guide will meet and greet you and guide you in Kazakhstan and in Kyrgyzstan. He or she will check you at the Bishkek, Kyrgyzstan airport and wave you off for your flight home.

As Central Asian immigration and customs officials are notoriously strict, please make sure you keep all forms for when you exit the country. A lost customs or immigration form could result in a fine.

When entering Uzbekistan, you will need to complete a foreign currency declaration form when you arrive and keep a copy yourself. Failure to do so accurately or exiting the country with more currency than when you entered may result in delays, fines or the additional sums being confiscated.

Ensure you exchange any unspent local currency prior to departure as there is no generally no exchange offices at international airports in Dushanbe and Bishkek.

A number of medications containing tramadol, morphine, opiates or any other similar constituent component are banned in Turkmenistan and are considered narcotic drugs. Do not bring any medications containing these drugs into the country.

Some medications available over the counter or by prescription in other countries, such as sleeping tablets, may be illegal or restricted in Uzbekistan. You should declare all prescription medications and other restricted items on arrival in Uzbekistan and carry a copy of the prescription with you.

Currency

The 5 countries of Central Asia are very much cash-only economies.

Please bring enough US Dollars in cash with you on your trip cash to cover your entire stay.

There are only a handful of ATM machines in Bishkek, Almaty, Dushanbe, Tashkent and Ashgabat although do not

rely on these as they can be unreliable. There are no ATMs in smaller cities and rural areas.

Credit cards are only accepted in some hotels and in a limited number of shops, therefore make sure you bring a sufficient amount of USD cash of different denominations.

In smaller cities, you will find banking facilities less reliable and may encounter staff that refuse to deal with a currency they are unfamiliar with, for this reason bring US Dollars with you for easy exchange.

It is highly recommended when travelling to towns outside of the major cities that extra care is taken when exchanging money. You should only change money at officially authorised currency exchanges. We suggest exchanging your money before travelling to remote areas and smaller towns, as exchange facilities can be limited. Your National Escort will remind you to do this before departure.

Please bring only fresh, undamaged US Dollars with no blemishes, printed after 2001 as these notes will be accepted for exchange. Notes with any additional markings or notes that are faded are often refused even by official travel exchange offices.

Bring USD notes in mostly 20 and 50 denominations with a handful of 100 USD notes.

Ensure you exchange any unspent local currency prior to departure as there is no exchange office at the Dushanbe and Bishkek international airports.

Insurance

We strongly encourage all customers to take a copy of their travel insurance documents (especially relevant international contact numbers) with them while on tour. We advise that you check the inclusions and procedures for lodging claims prior to your departure. These documents should be stored separately from the originals.

Wendy Wu Tours will not be liable for any costs incurred by you due to your failure to take out suitable travel insurance from the date of booking.

Eating in Central Asia

Central Asian cuisine is diverse and flavoursome with a legacy stretching back thousands of years. It is important to keep an open mind and be adventurous. All meals (excluding drinks) are included in our fully inclusive Journey Through Central Asia group tours from the groups' arrival until the groups' day of departure. Please be aware that dishes selected for your meals reflect the cooking styles and signature dishes of the local area you are in.

In Turkmenistan, Tajikistan, Kyrgyzstan, Kazakhstan and Uzbekistan, the cuisine is influenced by Middle Eastern and Turkic (or Mediterranean) dishes – yoghurts, dried fruit, legumes, fruit vinegars, or mild spices like cumin season the common dishes such as lagman (handmade noodles), shashlyk (kebabs), naan (flat bread) and plov (rice pilaf dish). Mutton and chicken are the only meats available in most areas and feature in most dishes. Local breakfast dishes include naan and airan (like sour cream), savoury noodles with vinegar and green tea. You may also be served a fried egg, jam, honey or toast. Black tea and coffee can usually be requested. Fresh cow's milk is not generally available.

Vegetarian only alternatives are not usually available in Kyrgyzstan, though Uzbekistani restaurants are more flexible. There are always plenty of salads, vegetables and bread offered at most meals. In remote areas, lunch may be prepared as 'picnic style' by the hotel that morning, or your guides may organise a simple meal at a local

restaurant. Lunch is the main meal of the day, with dinner usually a lighter version of lunch. If you have any food allergies or any other preferences, please make them known to your guide/s at the start of your trip; they will do their best to ensure that your requirements are met, however, 'no guarantees can be made'. Long driving distances, road conditions or flight times may delay or alter your meal times, which could mean a dedicated meal is replaced by those supplied on the aircraft.

Despite the Muslim culture, drinking alcohol is acceptable and expected in this ex-Soviet region, Kyrgyzstan more so than Uzbekistan. Expect to be offered vodka (not included in your tour price) at every meal! The most popular mealtime drink is Chay (green tea) and is available at most meals, usually straight a large block of sugar crystal may be added to the pot, or even your glass. Black tea and coffee are not always served, however can usually be requested.

If you like, you can bring some supplements with you from home. Tea/coffee bags, instant soups or noodles, biscuits, energy bars, milk powder sachets, are all a good idea – consider your luggage weight though! There are numerous small supermarkets and shops in every town and village along the way where you can buy odd items e.g. instant noodles, muesli and chocolate bars, biscuits, drinks, chips, cakes and sweets.

Accommodation

Your accommodation has been selected for convenience of location, comfort or character, and can range from a standard hotel in one city to a family run guesthouse in a smaller town. In remote areas, accommodation may be of a lower standard and may not have all western amenities. Hotels are generally rated as local three to four star standards, please note that there is no international classification system for hotels and differences in facilities and quality do exist between the Australia and Central Asia. Rest assured that all hotels used by Wendy Wu Tours are regularly inspected by our staff and our partners to ensure that standards meet your needs.

You will be travelling through a rarely visited and undeveloped area of eastern Kyrgyzstan for a few days. This is a remote area with villages, nomadic settlements, very small towns and little in the way of tourist facilities. We have designed this itinerary to use the accommodation offered by the CBT home stay project, staying in local houses/guest houses for a few nights. The CBT 'Community Based Tourism' project started in Kochkor Village, offering income to local families and guides while providing tourists the opportunity to stay with a local family, in their simple homes, rather than in run-down Soviet era hotels. It is not essential to bring a sleeping bag; bed linen is provided at each type of accommodation and is adequate for the night temperatures. You could bring a 'sleep sheet' insert to use under the linen, just in case, though it is generally not required. Types of accommodation you may encounter on this tour include:

Yurts: Yurts are the traditional home of nomads in Central Asia. They are made from a wooden frame and layers of felt and canvas erected on a wooden platform. The interior is filled with warm fabrics as well as ornate wooden furniture. Nomads in Kyrgyzstan live in yurts in the months around summer. Staying in a yurt will allow you to experience the unique and intrinsic aspect of local life in Kyrgyzstan. Although they are not luxurious, they do offer comfortable accommodation in remote regions of the country.

Guesthouse: These provide basic yet comfortable rooms in a small guesthouse. Every couple/single person will have their own room, western toilets and showers are shared, similar to a hostel. Breakfast and dinner is served in the restaurant.

Three and four star hotels: You will be staying in hotels of three and four star standards for the remainder of the tour.

Transport

Coaches: Coaches with air conditioning are used on our group tours for city sightseeing, short excursions to the countryside and longer transfers where necessary. Main and inner-city roads in Central Asia have a reputation for being very congested. For this reason, it may not always be possible to return to your hotel after sightseeing to freshen up before going to the restaurant for dinner. Roads in this region have generally improved over recent years, but traffic and/or weather conditions may extend driving times. Road construction work usually covers an enormous section of road - not just one or two kilometres as you may be used to. For this reason, the timings listed in the sections above are approximations only.

Planes: Internal flights are based on economy class, with reputable airlines. Pre-seat flight allocation is not available.

Development in Central Asia

Although Central Asia is developing quickly, it still lacks the international standards of civil infrastructure and tourist facilities. Concepts of personal responsibility are also different to those in the AU. Consequently, tourist and public facilities may not uphold the same safety standards as in the AU; for example, you may see a hole in the road without a warning sign or safety barricade. All of our suppliers meet local safety standards as a minimum. We want you to have an enjoyable holiday so we ask that you take extra care, use your common sense, refer to notices and follow advice from your National Escort/Local Guides.

The former Soviet countries in Central Asia were isolated and less developed by western standards for decades and all levels of infrastructure remain affected today in some way. In the tourism sector, newly built and very good hotels may still have poorly trained staff with an abrupt manner, roads can be in poor condition and officials can be corrupt. The level of English spoken outside of hotels is minimal (except for the children) and the Cyrillic alphabet is used instead of the Latin one (though this is slowly changing in Uzbekistan), so you will find your guides indispensable. We have found that those customers who embark with a sense of humour and adventure, who accept that things can and sometimes do go wrong, are those who find their experience most rewarding.

Journey Through Central Asia is one of our most unique and adventurous group tours, tracing the ancient Silk Road, including the fabled city of Samarkand. We wish for you to embark on your journey through Central Asia with a level of tolerance and understanding. This region is remote and conditions are not as developed as they are at home. It is essential that all customers recognise the demands of factors such as basic facilities, travelling at altitude and cultural differences. The rewards of seeing and experiencing these lands, so different from your own, are immeasurable and can only be enhanced by an adventurous spirit.

Public holidays and Religious Festivals

Ramadan, the Islamic festival of sacrifice will fall from 23rd April to the 23rd May 2020. This festival is characterised by the faithful abstaining from consuming food and drink (including alcohol) between the hours of sunrise and sunset. After sunset, you will find the locals celebrating nightly with an iftar- a meal at sunset, which breaks the fast, followed by pre-dawn meal - Suhoor. Travellers are not expected to adhere to these customs, with food and drink available during daylight hours. Some businesses and tourist sites opening hours may be affected; though overall, there will be minimal disruption if your tour is travelling between these dates. Ramadan is an opportunity to travel through Kyrgyzstan and Uzbekistan, witnessing this fascinating national holiday for yourself.

Souvenirs

We want to be able to give you an opportunity to buy souvenirs so we include some stops at workshops or factories, which demonstrates a craft or product unique to that region with pieces available to buy. We understand that souvenir hunting is not for everyone so we aim to take you to places, which hold local interest. We trust you will enjoy these opportunities to learn about local arts and crafts and understand their historical and cultural importance.

Group Size

Most of our groups consist of 10 travellers or more and will be accompanied by both a National Escort and local guides. There will usually be no more than 18 travellers in each group although you may encounter other Wendy Wu tour groups while you are travelling.

All our departures are guaranteed to operate with a minimum of 8 travellers booked (unless cancelled due to factors beyond our control). However, at our discretion we may operate departures with a smaller group size as we try to operate advertised departures wherever it is viable to do so. For groups with fewer than 10 travellers, departures will operate with local guides only.

Tipping Policy

Local tipping is customary in Asia. However, this can often lead to awkwardness in knowing when it is appropriate to tip and how much, as well as ensuring you have a suitable amount of change available at the time. For your convenience, with years of experiences in providing the best customer service, Wendy Wu Tours operates a kitty system on our Group Tours so your National Escort will look after this aspect of your trip for you. It also ensures that the amounts paid are reasonable for you but still fair for the local people. The amount is stated on each Group Tour page will be advised again on your final documentation. Tipping is in USD and will be collected by your National Escort on arrival and distributed throughout the tour on your behalf. Any additional tipping on any of our tours is welcomed at your discretion. Further guidance for tipping contributions will be outlined in your final documentation.

Packing List and Climate

Most of your touring in Kyrgyzstan is at an altitude between 2500 and 3300 metres above sea level so temperatures can get low during the day and very cold overnight between May and late September. Please ensure you have adequate warm clothing, including to sleep in during our yurt stays.

Temperatures for most of your time spent in Turkmenistan, Uzbekistan, Almaty and Dushanbe will range from 23c to 35c between May and late September.

Modest clothing such as long lightweight pants and shirts that cover your shoulders for men and women is highly recommended. Headscarves for ladies are required for visits to mosques and madrassas throughout Central Asia. Your National Escort assist you with purchasing a headscarf at a market visit in Ashgabat on day 3 of the tour.

You will find a complete packing list and a helpful climate chart in the 'Suggested Packing List', which will be included in the pre-departure information link sent within your deposit documentation. Seasonal weather patterns can be quite unpredictable. Up to the minute information on worldwide weather can be found on www.weather.com

Please refer to our website or brochure for detailed temperature charts.

Luggage

All travellers are limited to two items of luggage each; a suitcase with a maximum weight of 20kg and one piece of hand luggage with a maximum weight of five kilograms. It is essential that your luggage is lockable. Please note that authorities will only allow bottles onto the aircraft if they have been checked in as main baggage. Bottles in hand luggage may be confiscated.

Personal Expenses & Optional Tours

Personal Expense - You will need to take some extra money to cover drinks, laundry and souvenirs, plus any additional sightseeing that may be offered to you. Based on the advice of previous customers an approximate amount of AU\$300 per person, per week should be sufficient; however, for those that can't resist a bargain or may wish to participate in all of the optional excursions, consider allocating a higher amount.

Optional Tours - May be offered in each city you visit during your tour. These are not included in the standard itinerary and will only be available if time permits and if seats are available. Please ensure you have additional funds available if you feel you may wish to participate in any extra activities. Each option will be arranged locally by your National Escort/Local Guide, participation and tipping for optional excursions is completely at your discretion.

Climbing Steps

Sightseeing at nearly all of the palaces, fortresses and some temples involves climbing quite a number of steps. These palaces were built to provide defense against potential invaders so nearly all of them stand on top of a hill, while the interiors have layers of narrow hallways and steps to slow down the advance of enemies once they were inside. The steps tend to be quite large, not level and sometimes without handrails. Mosques and Madrassas also tend to be built at an elevation, as this is the most auspicious position according to ancient beliefs. This means you sometimes need to walk from the bus park to the entrance, and/or need to climb some steps inside.

People with knee or hip injuries, who have poor balance or are otherwise unable to complete these activities independently should consider the suitability of this itinerary carefully.

Vaccinations and Your Health

We recommend that you contact either your GP or Travelvax (1300 360 164) for advice on vaccinations and travel health. Travelvax has a comprehensive website that you may also find useful www.travelvax.com.au

After Your booking

We strongly recommend registering your travel plans with www.smarttraveller.gov.au as in the event of an emergency, Australian Consular assistance will be more readily available. You can also access the Australian Government's travel advisory service for up to date information about your destination on the same website.

Once you have booked with Wendy Wu Tours, you will receive a confirmation invoice followed by deposit documentation, which includes a visa application form (if applicable), and a help sheet. Your final documentation pack will be sent to you approximately 2-3 weeks prior to departure.
