TRAVEL INFORMATION

VISAS:

Australian passport holders currently do not require a visa to enter Ecuador for stays up to 90 days.

Please be advised that your passport must have at least six months validity left on it when you arrive back into Australia.

Please note the visa procedures and requirements may change at any time. These changes are often made by the relevant embassy or consulate, Wendy Wu Tours acts as a third party and has no influence on the process of a visa.

For the latest information on visa procedures, processing times and requirements, please kindly refer to our website <https://www.wendywutours.com.au/help-and-advice/passports-and-visas/>

ALTITUDE:

On this tour you will be spending several nights at altitude, and this will be marked on your day by day itinerary. At these sort of altitudes, Altitude Sickness is a risk. Symptoms may include dizziness, fatigue, nausea and shortness of breath. It is recommended that travellers utilize their first day in high-altitude destinations to acclimatise. To help you acclimatise we have designed our tours to be at a slower pace with more convenient stops and more free time, during the first few days. Staying hydrated, eating light meals and following a very light schedule will all help. We recommend that any symptoms that are unusual should be brought to the attention of your guide. Your guide will be extremely well-trained in dealing with its effects – taking it easy and taking some time to acclimatise are the best ways to prevent and combat it. Serious cases, meaning that you must descend immediately, are rare. We have adapted the itinerary to make sure that your time at these heights is as relaxed and easy as possible.

There are no specific factors, such as age or fitness, that can cause you to suffer from Altitude Sickness. It can affect anyone at any time and symptoms may vary. In some instances, a short spell of oxygen can help enormously. All the hotels that we have selected to use on our programmes provide oxygen free of charge, please ask to use this. There is medication - such as Diamox, that can help treat and prevent symptoms. Consult a doctor before taking any of these medications, before engaging in strenuous activity at high altitude, and regarding any necessary vaccinations in plenty of time before travelling.

INSURANCE:

It is a condition of your booking that you are insured for the duration of your trip. We recommend comprehensive travel insurance to cover cancellation, medical requirements, luggage, repatriations and additional expenses. At a minimum, the policy is required to cover medical requirements including medical evacuations / repatriations. The choice of insurer is yours. We strongly suggest you purchase insurance at the time you pay your deposit. This is because cancellation fees and charges are payable from that time.

We may request you to provide evidence that you have taken out and paid for a policy to comply with this condition. If you fail to provide a certificate of currency of insurance within a reasonable time after our request, then this will be deemed a cancellation by you and standard cancellation fees will apply.

EATING IN ECUADOR:

Ecuador's cuisine reflects the country's remarkable diversity, with each region offering its own distinct flavours and culinary traditions. From the cool Andean highlands to the lush Amazon rainforest and the Pacific coast, dishes are shaped by locally grown produce, fresh seafood and ingredients that have been cultivated for centuries. Potatoes, maize, plantain, rice and beans feature prominently, alongside fresh herbs, tropical fruits and locally produced cheeses, while favourites such as ají (a traditional chilli sauce) add flavour to many meals.

Your itinerary has been carefully crafted to introduce you to the authentic flavours of Ecuador, from traditional family-run eateries to locally sourced farm-to-table experiences. All meals (excluding drinks) are included on our fully inclusive group tours from dinner on the day of your group's arrival until breakfast on your day of departure. Throughout your journey, you'll enjoy regional specialities that showcase the unique character of each destination, whether dining in the Andean highlands, sharing a meal with a local community or sampling fresh produce from the Amazon.

Dining in Ecuador is generally relaxed and sociable. Meals are typically served individually rather than shared, although family-style dining is common in some local communities and traditional restaurants. Expect fresh soups, hearty main courses and delicious tropical fruits to feature regularly, with lunch often being the largest meal of the day. While Western-style cutlery is used throughout the country, you'll also have opportunities to discover local customs and traditions through memorable culinary experiences included in your itinerary.

Those with dietary requirements please inform your booking agent of any specific requirements well in advance of your trip.

DEVELOPMENT IN ECUADOR:

Ecuador is a developing country with significant investment being made in infrastructure and tourism facilities, particularly in the main cities and popular tourist regions. However, standards may differ from those you are accustomed to in Australia, and facilities, roads and public areas may not always meet the same levels of accessibility, maintenance or safety. For example, uneven paths, limited lighting or unmarked changes in terrain may occasionally be encountered. All our suppliers meet local safety standards as a minimum.

We want you to have an enjoyable and memorable holiday, so we ask that you take extra care, use your common sense, pay attention to local signage and follow any advice provided by your guide.

ACCOMMODATION:

Your accommodation is selected for convenience of location, comfort or character, and can range from business hotels to rainforest lodges. Hotels are generally rated as local three to four-star standard, but please note that there is no international classification system for hotels and differences in facilities and quality may exist between Australia and South America. All group tour hotels have private bathroom facilities and air conditioning where needed. If you experience any difficulty, please speak to your Local Guide. Rest assured that all hotels used by Wendy Wu Tours are regularly inspected by our staff and our partners to ensure that standards meet your needs.

PORTERAGE:

Please be aware that porterage is not included on our tours in Latin America. You will therefore need to be able to handle your own luggage within the hotel and when using transportation like coaches.

TRANSPORT:

Coaches: Coaches with air conditioning are used on our group tours for city sightseeing, short excursions to the countryside and longer transfers where necessary. However, minibuses may be used for smaller groups (under 10 passengers). Roads in Ecuador have generally improved over recent years, but traffic and/or weather conditions may extend driving times. Road construction work usually covers an enormous section of road - not just one or two kilometres as you may be used to. For this reason, the timings listed in the itinerary are approximations only.

Planes: Internal flights are based on economy class, with reputable airlines. Within South America flights are often changed multiple times before departure, both timings and flight numbers. The utmost care will be taken to ensure that your final documents will have the latest information, however your local guide will confirm this in destination. Boarding passes can be collected directly at the airport. The flights booked as part of your itinerary will always reflect the best timings to suit the touring itinerary, with direct flights wherever possible, however due to limited schedules some flights may require an early departure or late arrival.

GROUP SIZE:

Most of our groups consist of 10 travellers or more and will be accompanied by National Escorts. There will be one National Escort accompanying the group on mainland Ecuador and then another one in the Galapagos. There will usually be no more than 16 travellers in each group.

All our departures are guaranteed to operate with a minimum of 10 travellers booked (unless cancelled due to factors beyond our control). However, at our discretion we may operate departures with a smaller group size as we try to operate advertised departures wherever it is viable to do so.

TIPPING POLICY:

Local tipping is customary in Latin America; however, this can often lead to awkwardness in knowing when it is appropriate to tip and how much, as well as ensuring you have a suitable amount of change available at the time. For your convenience, with years of experiences in providing the best customer service, Wendy Wu Tours operates a kitty system on our Group Tours so your National Escort will look after this aspect of your trip for you. It also ensures that the amounts paid are reasonable for you but still fair for the local people. The amount is stated on each Group Tour page and will be advised again on your final documentation. Tipping is in US Dollars and will be collected by your National Escort on arrival and distributed throughout the tour on your behalf. Any additional tipping is welcomed at your discretion. Further guidance for tipping contributions will be outlined in your final documentation.

We generally find that most customers appreciate the convenience of our tipping policy, but we do recognise that it may not suit everyone. As this is a group tour, we ask that everyone follows the same protocol to be fair to other group members and to ensure smooth operation of your tour. We will provide suggested tipping amounts with your final documents for your convenience; however, tipping is entirely at your own discretion.

PACKING LIST AND CLIMATE:

On this tour, you will be travelling through various regions of Ecuador with quite diverse climates especially in those places with higher altitude. It is recommended to bring lots of layers including the following: T-Shirts made of breathable materials, hiking trousers (with the option to turn into shorts), a fleece jacket for colder parts and the evenings, a waterproof jacket as shell layer or a light rain jacket, a scarf and hat and warm socks. We recommend packing a light fleece jacket for those colder afternoons. A small backpack that fits into your main hand luggage to carry your daily essentials should also be taken.

Please refer to our website or brochure for detailed temperature charts.

LUGGAGE:

All travellers are limited to two items of luggage each, a suitcase with a maximum weight of 20kg and one piece of hand luggage with a maximum weight of 10kg. It is essential that your luggage is lockable. Please note that authorities will only allow bottles onto the aircraft if they have been checked in as main baggage. Bottles in hand luggage may be confiscated.

SOUVENIRS:

There are plenty of interesting bits and pieces to buy as souvenirs such as indigenous textiles, handicrafts and artworks. There will be some opportunities during your tour to pick up souvenirs.

EXCHANGING CASH:

The unit of currency in Ecuador is the United States Dollar (USD). We suggest exchanging your money before travelling to remote areas and smaller towns, as exchange facilities can be limited. Try and keep some small notes and coins on you, as on street stalls and in small shops they may not have the change to break up a high denomination note. Please make sure your US dollars are in a good state (not ripped etc) or they will not be accepted. ATMs are common across Latin America and we recommend using an ATM inside a bank where possible. Most major credit cards are widely accepted across the continent; please bear in mind the charges of your provider. Debit cards are also widely accepted but may have a limit to the amount of cash you can withdraw, so consult your bank about this before travelling

PERSONAL EXPENSES AND OPTIONAL TOURINGS:

Personal Expense - You will need to take some extra money to cover drinks, laundry and souvenirs, plus any additional sightseeing that may be offered to you.

Optional tours may be offered in each city you visit during your tour at an additional cost. These are not included in the standard itinerary and will only be available if time permits. Each option will be communicated and arranged locally by your National Escort/Local Guide.

VACCINATIONS AND YOUR HEALTH:

We recommend that you contact either your GP or Travelvax (1300 360 164) for advice on vaccinations and travel health. Travelvax has a comprehensive website that you may also find useful www.travelvax.com.au

BEFORE YOU LEAVE:

We strongly recommend registering your travel plans with www.smarttraveller.gov.au as in the event of an emergency, Australian Consular assistance will be more readily available. You can also access the Australian Government's travel advisory service for up to date information about your destination on the same website.

AFTER YOUR BOOKING:

Once you have booked with Wendy Wu Tours, you will receive a confirmation invoice including a visa application form (if applicable), and a help sheet. Your final documentation pack will be sent to you approximately 2-3 weeks prior to departure.
