Please note, not all shore excursions will include a guide and shore excursions may be cancelled due to inclement weather conditions or for any other reason at the discretion of Norwegian Cruise Line. Any shore excursions will be at your own expense and bookable on your cruise reservation.

## GROUP SIZE:

---

Most of our groups consist of 10 travellers or and will be accompanied by National Escorts pre and post cruise. There will usually be no more than 28 travellers in each group pre and post cruise, although you may encounter other Wendy Wu tour groups while you are travelling.

All our departures are guaranteed to operate with a minimum of 8 travellers booked (unless cancelled due to factors beyond our control). National Escorts in each country will accompany groups of 10 or more. However, at our discretion we may operate departures with a smaller group size as we try to operate advertised departures wherever it is viable to do so.

## MEALS AND DIETARY INFORMATION

---

On this tour, you will have the opportunity to experience a wide variety of dining options, reflecting the diverse cuisines of the destinations you will visit.

**Japan:** Japanese cuisine is fresh, balanced, and beautifully presented. Typical meals include rice, miso soup, pickled vegetables, fish, and meat, along with traditional noodles such as soba and udon. Food is a key part of Japanese culture, with meals often enjoyed communally. While most food is eaten with chopsticks, some restaurants may offer Western cutlery.

Breakfasts are usually buffet-style, with a combination of Japanese and Western items, though set menus may occasionally be offered. Lunches are often pre-arranged set menus reflecting local tastes, and dinners are typically buffet-style with a variety of Asian and Western dishes. These meals are selected in advance to offer variety, convenience, and the chance to experience the diverse flavours of Japan.

Please note that on some days, dinner may be scheduled earlier than usual and the group may proceed directly from sightseeing to the restaurant without returning to the hotel first.

**Cruise dining:** meals in the main dining areas are included, offering a wide range of international dishes. You will also have the option to dine at specialty on-board restaurants or explore local cuisine during shore excursions. Specialty restaurants and onshore dining are payable locally. Your package also includes soft drinks and alcoholic beverages whilst onboard your cruise.

### Dietary Requirements

If you have dietary requirements, please inform us before your tour starts. Our guides will make every effort to accommodate requests such as gluten-free or vegetarian meals. However, it's important to note that some dietary needs may be more challenging to meet, particularly in remote areas or due to differences in food preparation styles. Although many Asian countries are becoming more accustomed to catering to Western dietary needs, the range of options may still be limited compared to what you're used to at home.

While on the cruise, the ship's restaurants are well-equipped to cater to a wide range of dietary requirements, though it is still recommended to notify the cruise line of any specific needs in advance.

During shore excursions, dining options may vary, and local food establishments may have limited capacity to meet special dietary requests.

For travellers with food intolerances or specific dietary needs, it's highly recommended to bring additional snacks or food items, especially when traveling further from major cities. This ensures that you are well-prepared in case certain dietary requests cannot be met. Your patience and understanding are appreciated, as local suppliers may not always be able to provide exactly what you would expect from Western cuisine. The aim is to provide you with an authentic experience while being mindful of your dietary preferences.

**PLEASE INFORM US OF ANY ALLERGIES AND/OR SPECIAL DIETARY REQUIREMENTS  
AT TIME OF BOOKING.**

**ACCOMMODATION:**

---

Accommodation is selected for its convenience, comfort, or character, ranging from business hotels in cities to family-run guesthouses in smaller towns. In more remote areas, standards may be lower, and facilities might not include all Western amenities. Hotels are generally rated 3-4 stars locally, but please note that there is no international classification system, so standards may differ between Australia and South Korea/Japan.

In Japan, hotel rooms and bathrooms are typically small. Standard single rooms are smaller than double or twin rooms, featuring a small double bed (or single bed) for one person. All group tour hotels have private Western-style bathrooms, air-conditioning, TV, and telephone. In the Fuji area of Japan, hotels are often traditional in style. You may be asked to remove your shoes at the door and store them in a secure locker - this is a typical Japanese custom.

**PUBLIC HOLIDAYS:**

---

If you are travelling within the below Public Holidays, please note that celebrations can last a several days and during these times some businesses will be closed. Coach, air and train travel may also be affected. Tourist attractions will likely be open; but may be crowded.

**Japan:**

- **Showa Day:** 29th April (annually)
- **Golden Week public holidays:** End of April to the beginning of May (annually)
- **Constitution Memorial Day:** 3rd May (annually)
- **Emperor's Birthday:** 23rd February (annually)

## AIRPORT TRANSFERS:

---

As we offer our customers a variety of airlines to suit your needs, passengers will arrive/depart at various times during the day. Depending on the number of customers arriving/ departing on the same flight as yourself, the type of transfer to your hotel/ airport will vary.

You will always be met on arrival by English-speaking staff and transferred to your hotel either by:

- Direct shared bus (shared with other passengers, not just Wendy Wu Tours clients)
- Shared bus plus taxi from the nearest bus stop to the hotel (maximum 5-minute walk)
- Chartered coach (if there are more than 8 Wendy Wu Tours passengers arriving at the same time)

On the departure day, all passengers will be met by English-speaking staff at the hotel and transfer by one of the three ways above. For those passengers using a shared bus or shared bus plus taxi to the airport, the guide services end when they drop you off at the bus stop, and you will need to check in at the airport on your own. If you have paid extra for a private transfer, the above does not apply.

You will meet your National Escort at the welcome dinner or, if arriving late, the following morning after breakfast at the welcome meeting.

Please ensure your Wendy Wu Tours luggage tag is visible on your suitcase/hand luggage, as this may also assist your guide in identifying you. If at any stage you are unable to locate your representative, please contact our Japan ground operator on the number included in your final documents.

## TRANSPORT:

---

**Coaches:** Coaches with air conditioning are used on our group tours for city sightseeing, short excursions to the countryside and longer transfers where necessary. Roads in Japan are extremely well maintained and are comparatively smooth compared with the rest of Asia. Coaches and mini buses do not have onboard toilet facilities, however frequent bathroom stops are made for passengers comfort.

**Bullet trains:** Second class reserved seats are booked for our groups on bullet trains; there will be toilet facilities on board. Due to the limited space on bullet trains, a separate luggage transfer service will be arranged for all suitcases (1 case per person). You will need to pack a separate overnight bag to carry on the train as your suitcase will not arrive until the following day after a bullet train journey. Your guide will indicate when you will need to prepare for this throughout your tour.

## DEVELOPMENT IN JAPAN:

---

Japan is a highly developed country and as such matches the West in modernity and technological advances. It is also an extremely safe country and takes great responsibility in maintaining high safety standards.

### CULTURAL DIFFERENCE:

---

Japanese society and culture are built on intricate social etiquette and customs. As foreigners, we are not expected to be knowledgeable about all etiquette, but it will make your time in Japan more enjoyable if you are respectful of local customs. Some examples of scenarios you may encounter include removing your shoes and hats when entering a temple or house (some restaurants as well). You may be supplied with slippers at some places, but please come prepared with plenty of spare socks, and shoes that are easy to take off for the fairly regular occasions when they must be removed. Your National Escorts will advise you of some of these other customs at the beginning of your tour in each country.

### WEATHER:

---

Japan experiences distinct four-season climates, offering a wide range of weather conditions throughout the year. Japan's climate varies by region, but generally includes hot, humid summers from June to September and cold winters with snowfall in northern areas like Hokkaido. Spring (March to May) and autumn (September to November) are particularly popular for their mild temperatures, cherry blossoms, and vibrant fall foliage.

### APPROPRIATE DRESS / WHAT TO PACK:

---

When traveling to Japan, pack for their varied four-season climates. In spring and autumn, bring lightweight layers like cotton shirts, cardigans, and jackets. For summer, choose breathable, moisture-wicking fabrics in light colours, and pack a hat and sunscreen for sun protection. Winters can be cold, especially in northern Japan, so pack warm clothing, including coats, thermals, scarves, and gloves. For city exploration, casual yet neat attire is ideal, particularly when visiting cultural or religious sites where modesty is appreciated. Comfortable walking shoes are essential for urban areas like Tokyo. For outdoor activities, bring sturdy footwear and weather-appropriate outerwear.

An umbrella or lightweight waterproof jacket is advisable during the summer rainy season. Don't forget a camera or smartphone with extra storage and chargers to capture Japan's cherry blossoms and the vibrant cities. Include a small medical kit with basic first aid supplies and any personal medications. Whether visiting temples, soaking in an onsen, or enjoying local cuisine, you'll be prepared for an unforgettable experience.

**Onboard Dress Code:** On Norwegian, you can pretty much wear what you want to wear, when you want to wear it. Go cruise casual or get all-decked out and look your best - it's up to you.

## LUGGAGE:

---

All travellers are limited to two items of luggage each: a suitcase with a maximum weight of 20kg and one piece of hand luggage with a maximum weight of five kilograms. It is essential that your luggage is lockable.

**On your cruise:** While luggage allowance on your cruise may permit further capacity, we ask you to adhere to the above restrictions due to airline and touring allowances. Suitcases should be tagged, luggage tags can be downloaded and printed from your eDocs. For your convenience, we recommend that your luggage tags be placed on your bags prior to arrival at the port.

It may take a few hours after embarkation for your luggage to be delivered to your stateroom. Likewise, suitcases are collected on the last night of your cruise. To avoid any complications, be sure to bring a small bag such as a backpack for carrying any necessary medication, valuables, important documents and need-to-have items.

## PORTERAGE:

---

**Pre & Post Cruise:** Please be aware that portage is not included on our tours in pre & post cruise. You will therefore need to be able to handle your own luggage within the hotel and when using transportation like trains and coaches.

**Cruise:** Portage is included onboard the Norwegian Jade Cruise Ship. When embarking, your luggage will be delivered to your room from the check-in area at the port. When disembarking you will leave your luggage outside your cabin door on the last night of your cruise. Staff will then be able to make arrangements for your luggage, ready for disembarkation early next morning. Please also note, it is customary to tip for the portage service. This portage tipping is not part of standard cruise inclusion tipping, and is not covered in your tour cost.

## TIPPING / GRATUITIES:

---

**Japan:** Tipping is not customary and may even be politely declined. However, if you feel you've received exceptional service, offering a tip discreetly at your discretion is acceptable.

**Cruise:** On board gratuities are included in your tour cost (Based on standard cruise inclusions).

## PERSONAL EXPENSES

---

You will need to take some extra money to cover drinks, laundry, and souvenirs. It is highly recommended that extra care and attention is paid when exchanging money when travelling to cities outside of Tokyo. We suggest exchanging your money before travelling to smaller towns, as exchange facilities can be very limited. Your National Escort will remind you to do this before departure.

### **SOUVENIRS:**

---

We want to be able to give you an opportunity to buy souvenirs, so we include some stops at museums or exhibitions which demonstrate a craft or product unique to that region with pieces available to buy. We understand that souvenir hunting is not for everyone, so we aim to take you to places, which hold local interest. We trust you will enjoy these opportunities to learn about local arts and crafts and understand their historical and cultural importance

### **TERRAIN CONSIDERATIONS (STEPS, SLOPES & UNEVEN SURFACES):**

---

Sightseeing at nearly all the palaces, fortresses and some temples involves climbing quite a number of steps. These palaces were built to provide defence against potential invaders so nearly all of them stand on top of a hill, while the interiors have layers of narrow hallways and steps to slow down the advance of enemies once they were inside. The steps tend to be quite large, not level and sometimes without handrails.

Buddhist temples or pagodas also tend to be built at an elevation, as this is the most auspicious position according to ancient beliefs. This means you sometimes need to walk from the bus park to the entrance, and/or need to climb some steps inside.

People with knee or hip injuries who have poor balance or are otherwise unable to complete these activities independently should consider the suitability of this itinerary carefully.

### **VACCINATIONS AND YOUR HEALTH:**

---

We recommend that you contact either your GP or Travelvax (1300 360 164) for advice on vaccinations and travel health. Travelvax has a comprehensive website that you may also find useful [www.travelvax.com.au](http://www.travelvax.com.au).

### **AFTER YOUR BOOKING:**

---

Once you have booked with Wendy Wu Tours, you will receive a confirmation invoice along with a link to our website where you can find your visa information (if applicable) and other important information. Your final documentation pack will be sent to you approximately 2 weeks prior to departure.
